

**THE BEST AID  
TO A HIGH SCORE  
THE SMITH & WESSON**

**Single Shot Target Pistol**

The S. & W. target pistol with automatic shell ejector, rebounding lock, and adjustable target sights, is the final triumph in the production of a thoroughly accurate target pistol. Its recommendation by the committee, and its wide use by experts are significant testimony to its high-score efficiency. The .22 long rifle cartridge gives the best results with this arm, but it is also bored for the regular S. & W. .32-10-88 and .35-16-146.

This monogram appears on all genuine Smith & Wesson.
