A RECORD FIELD

On Hand for the Wind-up of the Tin Whistle Tournament Season

A field of 55 contestants—probably twice as many as have ever before taken part in Tin Whistle event in April—turned out for the Club's final tourney on Wednesday. This was a Selected Hole Event—Best Six in Each Nine—played on Course Two—and was won by Daniel G. Wing, handicap 22, who

went over the course in a gross 95 and led the field with a net 40 for his carefully selected dozen Parker W Whittemore playing from scratch took the low gross honors with 36-38, 74, and finished with only five men ahead of him in the next score contest.

Owing to lack of room in this issue, the score sheet must be left over until next week.

MRS. VAN CLEEF HOLDS SEASON'S RECORD

Some very fine shooting was done at the Gun Club in the closing hours of last week's rifle contest for women. Mrs. H. E. Moles, of Montreal, who has been the most consistent winner of the season and who holds the high average, scored 144 out of a possible 150, in the morning. In the afternoon, Mrs. H. H. VanCleaf, of New York, came along, however, and did even better, winning the first prize with a score of 145, the high target of the season. Miss Constance Vose, of Newtonville, Mass., finished third, at 134.

MRS. MYRA HELMER PRITCHEAR won the Silver Foils Handicap Medal Round on the Number One course, Thursday, with a round of 95-4, 91. Miss Sara Fownes tied with Mrs. Pritchard for the low gross honors and was followed by Mrs. J. D. Chapman and Miss Kate Bowman, who thereupon walked off with the score book and we haven't been able to find it since and are therefore utterly unable to say anything about that portion of the field which more largely exceeded the allotted span of four score strokes and ten.

ANNIE OAKLEY TREATS 'EM ROUGH

Annie Oakley has absolutely no respect whatever for flying targets or standing records. We heard a rattle of musketry in the offing when we were trying to wind up the Outlook and we flivvered over to the Gun Club to find out what was happening over there that had not been given official sanction in Mr. Picquet's Daily List of Past Events. We discovered Annie Oakley in the act of breaking exactly 95 out of 100 targets at regulation distance and thereby disposing of all previous records made here by women guns, amateur or professional.
