

THE PINEHURST OUTLOOK

VOL. XXIII. NO. 8

FEBRUARY 4, 1920

PRICE 10 CENTS

LANDLORDS, BEWARE!

Profiteer landlords will be held to the their income taxes this spring. For the tenants are doing the driving and holding the whip.

Revenge is sweet to the tenant who has had to dig deep into his earnings to pay a high rental in 1919. Gathering his family around him, he takes his scratchy family pen in hand, searches the ink-bottle for that last drop of ink, and with a master stroke informs the Commissioner of Internal Revenue that he, Bill Brown, of the Hallroom Apartments, paid to John Smith, 13 Profiteer Avenue, Anywhere, U. S. A., \$1200.00 for his three-room flat during the year 1919.

By gathering these reports from all the Bill Browns who are running themselves ragged to pay their rent, the Internal Revenue Bureau will have the information needed to see that the Profiteer Smith pays proper taxes on face speculation.

The Information Bureau now due covering payments of salaries, wages, rent, interest, and other income serve as useful data for running down tax dodgers and for checking up millions of returns to see that proper tax is paid.

Large business houses have been faithfully making these information reports for several years and have cooperated wholeheartedly with the Government's checking system. The same obligation rests on smaller businesses, and on professional men; also on persons and organizations who employ secretaries, chauffeurs, servants, or persons in any capacity.

The Revenue Law requires the filing of these Information Returns in each case where the total of payments during 1919 to any person, partnership, or fiduciary was \$1000.00 or more. Forms 1099 and 1096, on which the returns must be made, are now available at the offices of Collectors of Internal Revenue.

J. A. SCOTT NOW WITH U. S. RUBBER COMPANY

J. A. Scott, well known for his writings on the technical side of golf, has become associated with the United States Rubber Company in introducing the new U. S. Royal, U. S. Reserve and U. S. Floater golf balls to professional and amateur players throughout the country.

Golf ball specialists of the United States Rubber Company have recently completed the long period of experimental testing to which this product has been subjected and the result has been the production of three lines of golf balls which represent the best idea of a

large corps of manufacturing and buying experts.

Mr. Scott enjoys a wide acquaintance among prominent professional and amateur golfers everywhere and is now renewing old associations in the South. During the coming season he will visit many of the leading courses.

Telegraphic News in Brief.

Washington—According to a dispatch received by the State Department three American Relief workers have been murdered by Brigands in Syria.

Paris—According to Petit Parisian, should Holland persist in her refusal to grant the Allied request for the extradition of the former Kaiser, the Allied Powers are prepared to sever diplomatic relations.

Paris—Baron Kurt von Lersner, head of the German delegation here, refused to transmit to Berlin the Allied list of persons guilty of war crimes which accompanied their note.

He returned the list to the French Foreign Office and notified it of his resignation as President of the German Peace Delegation. Following von Lersner's action the French Office stated that it regarded his procedure as purely a personal affair and expressed its belief it was not a result of instructions from Berlin. It was further stated at the Foreign Office that the Allies have other means of transmitting the list and note to Berlin than through von Lersner.

Rome. (delayed)—The American Minister at Belgrade assured the crowd of demonstrators that the Adriatic question would be settled according to the Jugo-Slav aspirations. The Minister spoke after great demonstrations against Italy. It is said that Dr. Bianchini thanked the American Official.

Washington—Another caucus to pick the Democratic leader in the Senate will be called as soon as Senator Hitchcock returns from Nebraska late this week. Hoke Smith of Georgia whose refusal to vote tied the late caucus is reported to have made up his mind which candidate to vote for, but nobody knows which he has picked. Underwood gained by the swearing in of Carter Glass yesterday, but Hitchcock expects Johnson, of South Dakota, absent last time, so the decision still appears to rest with Smith.

Washington—Secretary Tumulty said to-day that President Wilson had made so much progress in recovering from his nervous break-down that he is in fit condition to preside over the Cabinet meeting should anything of immediate importance demand his attention. Tumulty denied the published report that the President would preside over the Cabinet meeting to-day.

London—According to a dispatch received here, Commissioner Kato, Japanese Representative at Irkutsk has declared in an interview at Tientsin, that Japan would not fight the Bolsheviks in Siberia unless there is just provocation. Japanese troops in Siberia will protect the Railways only.
