"WESTERN" Steel-Locked Shells

Always the Choice of the Man who Knows

The sensational performances of "Western Field" Shells at the traps have opened the eyes of thousands of shooters who never shot at a target thrown from a trap. And the same exceptional shooting qualities which placed them at the head in trapshooting are making a big hit with the man who hunts. Besides the higher velocity and closer pattern, which makes longer kills possible, "Western" Shells never "hang up" in magazine guns the Steel-Locked construction and the hard, tight crimp being responsible for a smoothness of action and reliability in function that is impossible in shells having weak heads and mushy crimps. And in wettest wether "Western" Shells will continue to work well for, to begin with they contain paper made from a special and superior pulp, added to which is a water-proofing material which, for effectiveness, has never been equalled by any other manufacturer in the world. Sold by progressive dealers in all gauges and in all popular loads, in smokeless and black. "Field" and "Record" loaded with all Standard Smokeless Powders. "Perfect from Primer to Crimp."

Third Annual Field Trial

The Field Trials began on Monday last, having been postponed from January 26th. The Pinehurst Field Trials were inaugurated two years ago by a group of local dog fanciers, who proposed merely to invite their friends and a few well-known handlers to come to Pinehurst with their dogs, and in a small way enjoy a few days in the field. They knew that the character of the surrounding country imposed limitations on running dogs in the open and therefore refrained from press-agenting their trials up and down the land. They were content to jog along slowly for a few years until such time as they could blossom out under the most favorable conditions.

In spite of their modesty in the matter, and perhaps because of it, their field trials have apparently come into full bloom. Fifty dogs have been entered to run in the trials, and if the number of entries count for anything this record-breaking field places Pinehurst well to the fore. However, the quality of the dogs is as remarkable as the number of them.

On Monday, the first day of the Membership Stake, Mr. P. H. Powell, of Providence, R. I., entered his Duke of Strideaway, Lem Danstone, Banrock Tippe B, Denwood Leta Ferris and Preachers Mac.

Mr. Harry Kirkover, the well-known Buffalo handler, entered his Ashanti Dominant, Manside Beau and Ruby's Sport.

Mr. C. C. Allen, whose dogs are handled by Mr. Coffee, of Statesville, N. C., brought along Max Cummins, Gus Wheeler, Merry Xmas and Hero.

Mr. Frank Butler entered Pinehurst Lad and Annie Oakley contributed her promising Annie Oakley's Fred.

Mr. E. A. Watson, of New York City, staked his chance on Foils Dixie Queen and Lottie B.

Pinehurst dogs were Van Hall's John, entered and handled, for the first time, by Mrs. L. F. F. Wanner, and Rex, owned by Mr. H. G. Waring, of Magnolia Farm.

Out of the eighteen dogs entered above, twelve were eliminated on the first series and six were elected to run in the second series, to have been run on Tuesday, but postponed on account of rain. These nine braces were run on the grounds out along the Carthage Road and also at John Allen MacDonald's Farm, near the Van Lindley Orchard.

During the afternoon Annie Oakley's Fred contributed a little excitement by scaring up a big gray fox and giving him a good chase for a little while before returning to the business in hand. There was a great temptation to turn the field trials into a fox hunt.

Lunch was served to the riders in the pack house at the orchard. In the afternoon the sun came out and the cold wind died down, which made things more comfortable for both the dogs and their followers.

Judges in the Membership Stake were Mr. Leon Seay, of Charlotte, N. C., Dr.

J. S. Brown and Mr. Leonard Tufts, of Pinehurst.

The Field Trials are being conducted under the direction of the veteran John White, Secretary and Treasurer of the Continental Club of Hempstead, L. I., who has been in the dog handling business for years and is an acknowledged authority on all that pertains to it.
