Telegraphic News in Brief

Springfield, Ills., (United Press)—"Abraham Lincoln was the greatest and truest American."

That was the simple statement of Edward Johnson, 76, one of the few living persons who knew the great emancipator personally, when asked for a comment on Lincoln on the occasion of 111th anniversary of his birth.

Johnson is custodian of Lincoln's tomb here and is one of the three surviving witnesses to the exhuming of the martyred president's body when it was removed to its final resting place under the big monument in Oak Ridge cemetery here.

Washington—After battling with the seas for nearly a week, four of the five American Submarines that have been missing between the Bermuda Islands and the coast, arrived at Hampton Roads, Virginia, according to a dispatch received at the Navy Department.

Detroit—The Maintenance of Way Workers and The Railway Shopmen won't pay any attention to an injunction issued to restrain them from striking, A. T. Parker, Grand President of the Brotherhood declared today. "The government," said Parker, "when it suits its purpose tells us that the war is over and the Lever Act does not apply." He also said that "when it suits its purpose it tells us that the war is not over and the Lever Act is effective."

Washington—Senator Lodge offered in the Senate yesterday nine amendments to the Peace Treaty. These amendments are those worked out in the Bipartisan Treaty Conference. Senator Lodge hopes to get the support of the Democrats, because they have already agreed to have these changes in the Bipartisan Conference.

RED CROSS MEETING

There will be a meeting of the Moore County Chapter in the Court House at Carthage, Sunday afternoon, Feb. 15th, at 3 o'clock. In addition to transacting important business there will be a valuable talk on the Peace Time Program of The Red Cross.

Last year this County was struck with an epidemic of Spanish Influenza. In certain sections of the County the same disease is almost approaching the epidemic stage. To meet this, and similar calls our Chapter should be thoroughly organized and well financed. We have secured the services of Miss Mabel Crafts as Health Nurse for the County, and have set up a definite program for the year.

The Treasurer of the Chapter is receiving calls of pressing need from families in Moore County. Sickness and need are making assistance imperative. This is being met with funds which have been donated to the Chapter. It will be of value to be at the meeting at Carthage and have as many others there as possible.—Mrs. Leonard Tufts, Vice-Chairman, Moore County Chapter.
