at two strokes on the 20th hole. Here he was safe, and calmly surveyed the ensign of Tom Kelly, of Southern Pines, in the offing four strokes on the 19th. J. D. Chapman and G. M. Howard perished on the 19th green fighting manfully, and closely pressing them, in battle array, came H. G. Phillips, C. B. Fownes and L. A. Hamilton, who gave up the struggle after making one last, valiant, stroke on the 19th; and W. E. Truesdell found his resting place in the 18th cup. Further back on the course we dare not go, for Colonel Bogey got in some deadly work here and it cannot be in mercy related, except to say that fallen golfers lay in serried heaps on the fairways and all over the greens—unwept, unhonored and unsung.

Below we print the names of the heroes of the class who journeyed to the 18th hole, or beyond:

# Townsend's Triplex

Rides over the uneven ground like a ship rides the waves

The Greatst Grass-cutter on Earth  
Cuts a Swath 86 Inches Wide

Drawn by one horse and operated by one man, the TRIPLEX will mow more lawn in a day than the best motor mower ever made, and cut it better and at a fraction of the cost. Drawn by one horse and operated by one man, it will mow more lawn in a day than any three ordinary horse-drawn mowers with three horses and three men. Does not smash the earth and plaster it in the mud in Springtime, nor crush out its life between hot rollers and hard, hot ground in Summer as does the motor mower.
