Which Do You Use?

THE only question is one of choice; you can buy any one of them loaded with Infallible or "E. C."

Any one of these fourteen standard brands of shells is the best to the man who is accustomed to use it—when it is loaded with a Hercules Smokeless Shotgun Powder.

Pick your favorite—loaded with Infallible or "E. C."—and you will have a combination that is hard to equal at the traps or in the field.

are always the same. They always give the same even patterns and high velocity with light recoil, always burn free and clean and always act the same under any weather conditions.

When you buy your favorite shells be sure that they are loaded with a Hercules Smokeless Shotgun Powder, Infallible or "E. C."
