

FERTILIZER

MIXED TO FIT YOUR SOIL

By December 1st the

Blue Fertilizer Co.

at ABERDEEN, N. C. will have its big new factory in operation.

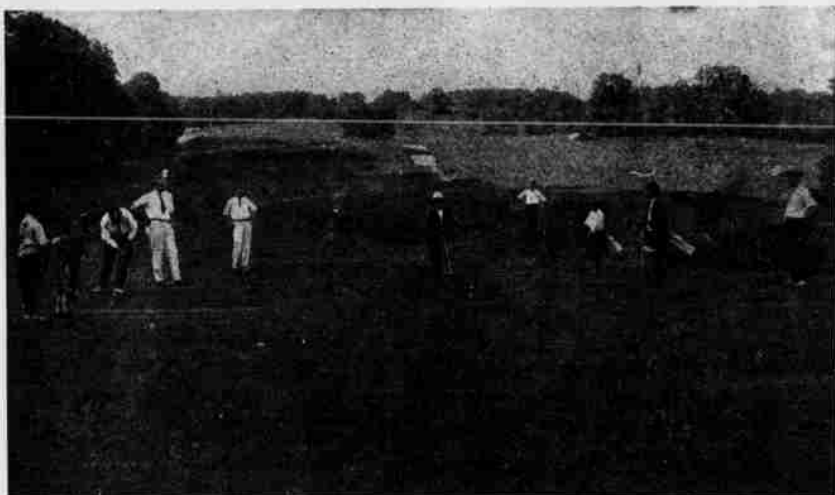

Fertilizers will be made with especial consideration for the peach man, the tobacco man, the cotton and corn man in the Sandhills, and for any purpose that wants a mixture fitted to different crop or different soil conditions.

Since Moore county began the liberal use of fertilizer it has come up from being the poorest county in the State, and the joke among the other counties, to yielding crops that frequently exceed six or seven hundred dollars to the acre, and fertilizer has been the big factor.

THE BLUE FERTILIZER COMPANY at Aberdeen wants to make your fertilizer this season, and to make what your crop and your soil needs. Come in at any time and let us go over the matter with you, and arrange for your supply. You can get it at any time, in wagon load, sack, car load, truck load, of the kind you need, and be sure it is ready for you when you want it. It is wise to

Place Your Orders as Early as Possible and be ahead of weather problems, transportation difficulties and the other questions that always have arisen when depending on fertilizer from a distance.

Grass Seed for this course supplied by the Stumpp & Walter Co.

Grass Seed of Known Quality

TESTED for PURITY and GERMINATION

for the Golf Course, Tennis Courts or Lawn

REMEMBER—All our seed is of the highest quality, purchased direct from the most reliable sources of supply and is carefully examined as to purity and growth, including tests made for us by leading Seed Testing Stations.

We are always glad to suggest formulas, suited to soil and climate, and tell you the exact percentage of each of the varieties in the formula, or, we furnish seed by named varieties.

The benefit of a grass seed expert—one who has made a life study of this subject—is at your disposal
