

STEADY MAN Sole and Heel

makes the most practical golf shoe

The truncated cones on the sole are positioned precisely where the stance comes - - under the ball of the foot.

These cones prevent slipping. They grip the soil. They never tear the turf or green.

Lighter than ordinary "spiked" shoes, they're thoroughly comfortable. Sewn to leather, Steady Man Soles and Heels do not "draw" the feet.

Unnecessary to change shoes for luncheon or between games. They do not disfigure rugs or floor.

Fine, too, for the tennis court, or yachting.

Easily attached to your friendly old shoes, at W. H. Foye's. Ask your club "Pro" for them. Or, a line to us will ensure your getting them.

CHICK EVANS PAYS TRIBUTE TO GOLFING PROWESS OF DAVY HERRON

In a syndicated article published recently Chick Evans pays tribute to the golfing prowess of S. Davidson Herron, Amateur golf champion in 1919. Mr. Herron and his bride are spending a portion of their honeymoon in Pinehurst at the Winter Cottage of Mrs. Herron's parents, Mr. and Mrs. Norwood Johnson.

Chick's remarks follow:

"Davy Herron learned to play his game on the difficult and testing Oakmont course at Pittsburgh and he learned well. Incidentally, his home is at the edge of the links. This is a great advantage to a golfer, for there are many odd moments when valuable ideas can be tried out.

"It was not until 1919 that the long-deferred National Amateur tourney was held at Oakmont. In this tournament, from the qualifying round to the final in which he defeated Bobby Jones, Herron played wonderfully fine golf. His championship honors were worthily won. Davidson Herron was at that time very young, about 20 I think, and a senior at Princeton. Young as he is, he has played as long, in many cases longer, than players 10 years older. His first match was in 1904 at the Shore Club, Painsville, Ohio. The links are unknown to me, but my informant tells me that they were at that time merely 'cleared-up cow pasture.'

"Dave entered his first tournament at the Butler Country Club, when he was but 14 years old. He won the tournament after a 20-hole match in the final. Since that time he has won many cups and medals, but what he considers his greatest achievement was his 73 in the qualifying round at Detroit in 1915. I have been greatly struck, however, by a Pittsburgh record that he made. Nationally-famous cracks, both amateur and professional, have been playing over Oakmont for years, but in 1916 young Herron went around in 68, all putts holed.

"Davidson Herron is a big, strong fellow, and, of course, has been interested in many other sports, but prefers golf. One of the reasons he gives is that it brings out the element of individual effort.

"His favorite club is the putter! A most extraordinary confession; I wonder how many of us would dare to make a similar avowal after years of experience. He is a lucky golfer never to have made the cruel acquaintance of those heart-breaking inches of the putting green.

He thinks the hardest shot for him to make is the 100-yard mashie shot—a delicate and testing distance to be sure.

He has never made a hole in 1; I have never done so, either, and I am always interested in other men who have failed in that interesting feat of legerdemain, or luck, as you please to call it.

Herron defended his championship at the Engineers Club, Roslyn, L. I., last September. His friends were much disappointed when he was defeated in the second round. He found the course unexpectedly difficult for his style of play. During his 39-hole match with Harmon,

he drove the longest ball I ever saw, nearly 400 yards over flat ground. He is undoubtedly a great golfer and has many honors ahead of him."

THE GREAT DANGER

"Pa, there are burglars in the house."
"Well, let's both keep quiet. Maybe they won't wake the baby."
