

**SAND HILLS POLO CLUB**

With beautiful weather prevailing and before a large crowd, a very evenly contested polo match took place on Sunday afternoon between teams headed by Mr. J. A. Tuckerman and Lt.-Col. R. C. Foy, in which the former team won by 4 goals to 1.

The line-up was as follows:

1. Major J. Hatch and Lt. W. M. Garrison alternating.
2. Mr. J. A. Tuckerman.
3. Major E. L. Gruber.  
Back—Mr. D. White.

1. Capt. Gowgill and Mr. Charles Crocker alternating.
2. Lt.-Col. R. C. Foy.
3. Capt. A. Loftus Bryan.  
Back—Major F. W. Bowley.

Goals were scored by Colonel Foy, Mr. Tuckerman, Mr. White and Major Hatch. The game was remarkable for the fast play on each side. One well-known visitor was heard to remark that polo here had emerged triumphantly through its initial stages and had come to stay.

v v v

The local Polo tournament will take place early in April. On Sunday, March 13, there will be another match with the officers of Camp Bragg.

v v v

In view of the rapid strides being made by polo throughout the country it is thought appropriate to describe a few details of the game. The game originated in India in the dim ages. Four players to each team. Each player has a handicap registered with the Polo Association. A goal is scored when the ball passes through the goal posts at the ends of the grounds. Players of one side try to interfere with players of the other side to prevent them from getting possession of the ball. This is called "Riding Off." The game is a very scientific one. Combination between the players of each team being essential, and not merely individual and indiscriminate hitting the ball in the direction of the opponent's goal. There are eight chukkers (periods) of seven and one-half minutes each. Three-minute intervals are allowed between each chucker for the players to change ponies. The time-keeper sounds a bell as a signal to begin and end chukkers. The ball, however, is not in or out of play until the umpire blows his whistle. There are various fouls possible, among the worst being "crossing" and "dangerous riding." The umpire sets the penalties.

Frank Hoyt of the Engineers' Club, a guest at the Carolina, is living up to his reputation as "Stealthy Steve." Mr. Hoyt is making his first visit to Pinehurst, but he had not been here 24 hours before he had taken a number of the regulars into camp. The fast runs to the sand greens did not give him much trouble for he figured the rolls quickly and is now laying the long approaches dead to the pin. Mr. Hoyt was in charge of the 12 amateur championship which was held at the Engineers' Club, and he did a fine job of it.

**TIN WHISTLES BATTLE WITH PAR**

Eighty-four Tin Whistles, a record field, took part in the annual four-ball, best-ball contest versus par on the Number 2 course on Friday last, each four-some playing as partners, at club handicaps, against the par figures of the course.

The first set of prizes went to L. A. Hamilton of Garden City, F. T. Keating of Spring Lake, Prestley McLaughlin of Ekwanok, and A. S. Higgins of St. Andrews, who led the field by a margin of three holes despite their relatively low average handicap and who finished 9 up on par.

Hamilton went around in 77, Keating in 78, and the other two partners helped out the weak spots so effectually that each of the eighteen holes was played in par or better. The quartette's best-ball for the round was 67 gross and 61 net.

The struggle for the second prizes resulted in a tie, at 6 up, between W. T. Barr of Dering Harbor, J. D. C. Rumsey of Brooklyn, Richard Tufts of Pinehurst and George T. Dunlap of Canoe Brook, on the one hand, and A. B. Ashforth of Garden City, B. V. Covert of Lockport, A. M. Reed of Ekwanok and G. M. Howard of Halifax, on the other.
