TOP DRESSING PUTTING GREENS

The old time compost pile made with manure, sand and soil is becoming obsolete and is being discarded by the majority of Golf Clubs in favor of Prepared Top Dressing which comes ready to apply. It takes two years before a compost pile is fit for use. It is costly, even when all the ingredients are at hand, and absolutely impracticable if they must be purchased. The labor of turning and screening is also expensive. The automobile has reduced the quantity and increased the price of manure. Manure is a carrier of disease germs and weed seeds. Shavings for bedding and strong disinfectants in stables, mean death to grass.

The Alphano Humus Company's corps of experts have made an intense study of this problem for many years. The result is, their Prepared Top Dressing for Putting Greens—a scientifically balanced grass food, inoculated with billions of Nitrogen gathering bacteria. It is delivered in the right condition for top dressing greens, just as unloaded from car. The finest Putting Greens in America today owe their perfection to Prepared Top Dressing periodically applied with no interference with the play.

To be always positive that the grass seeds best adapted to the locality and climatic conditions are sown in connection with Prepared Top Dressing, to insure results certain of satisfaction, The Alphano Humus Company has effected selling arrangements with the largest grass seed exporters and importers of the world and can furnish grass seeds of the proper variety, of guaranteed purity and highest germination tests.

If you will write The Alphano Humus Company, 17 Battery Place, New York City for Circular "K," it will give you full particulars regarding their Golf Course Service, without obligation.

AT THE GUN CLUB

There will be a weekly handicap target tournament at the Gun Club every Tuesday if there are five entries or more, for a sterling trophy, Ideal Leggett traps. Bird handicap. The handicap is limited to twenty birds. A sterling trophy will be given for the four best scores made each month during the months of January, February and March, in the weekly handicap tournaments from 16 yards at 400 targets. Annie Oakley will instruct ladies in the art of shooting, free of charge. Weekly prizes will be given to the ladies making the highest score at the rifle range.

PHILADELPHIA. — William Penn has been cured. Oh, didn't you know he was ill? He had dropsy and an operation has been completed and he came out just fine. William Penn is the statue at the top of City Hall tower.

However, the operation was more dangerous to the "surgeon" than to the patient. A workman climbed up the statue, bored holes in each one of William's limbs and drained two buckets of water out of each member. Now Mr. Penn has recovered sufficiently to receive callers. The entire tower is open to visitors for the first time since before the war.

Unless we know more today than we did yesterday; unless we can do more tomorrow than we can do today, we are not progressive.—Selected.
