DONALD J. ROSS AND W. J. MACNAB, Proprietors

A PROPHECY ON HOME LOCATIONS.

One of the most forceful prophecies of the future home development of the Sandhills is seen in the two new houses built by Judge W. A. Way and James Barber at Mid-Pines.

These houses stand between the Midlands road and the golf course. From the road they present an attractive appearance. But to see just what they are they must be seen from the golf front.

There is a picture. On the ridge above the expansive green lawn of the course, facing that great park that the golf course will always be, fronting the pine groves that top the neighboring knobs, those two new houses tell beyond all peradventure that in a year or two Mid-Pines will be surrounded by a continuous border of tasty cottages that will make that community one of the most popular of any golf center in the world.

For a location confer with: A. S. Newcomb, Pinehurst, P. Frank Buchan, Southern Pines, S. B. Richardson, Southern Pines, or Leonard Tufts, Manager of Knollwood, Inc.

**Walk down the course
 And look at these houses.**

AIR SERVICE FOR PINEHURST

Arrangements have been made with L. E. Shealy of Charlotte, to provide air flights for visitors at Pinehurst this season and to establish here a class for flying instruction. Mr. Shealy is a thoroughly capable and reliable man, having served nearly three years in the air service of the United States Navy during the war, and Pinehurst is fortunate in securing the services of such a competent pilot. During his five years' flying experience he has flown seventeen different types of hydro and land planes and has from 25 to 400 hours flying time in each. He recently made the trip from Philadelphia to Wilmington, N. C., in a hydro-plane in 6 hours and 57 minutes.

The machine to be used at Pinehurst is what is known as a Curtiss Canuk, in which Mr. Shealy has 400 hours flying time to his credit and has never met with an accident. In addition to short pleasure flights from the field he will take passengers on cross-country trips to any place they want to go, and will give lessons in the art of flying to any who desire. Mr. Shealy says that no 'stunts' will be indulged in unless requested by the passenger and that no passenger need feel uneasy from this source. He expects to start operations at Pinehurst around December 15, and those who are interested in this sport will find him at the flying field.

POLO CLUB NOTES

Prospects for the coming season are exceptionally bright. Four new players with a fine string of nineteen ponies have been added to the club's membership, and a new practice ground has been completed making two match play and one practice grounds.

The opening practice games of the season were played on Saturday and Monday, December 3 and 5, when the resident members turned out in full force and some fast matches were indulged in.

It is intended to play practice games three days a week, Mondays, Wednesdays and Saturdays. Any extra match games will be announced from time to time.

Camp Bragg, the army post nearby, has a number of promising players, and a number of good games with this club are expected before the annual tournament takes place at Pinehurst on March 30 to April 15. The following trophies will be played for during this tournament: The Southern Circuit Cup, presented by the Polo Association, the Sand Hills Trophy, April Trophy and the Novice's Trophy.

It is proposed to have a private tournament during the Christmas holidays, the dates to be announced later. Three teams have already entered for this event.

Members of existing recognized Polo clubs who wish to become members of the Sand Hills club are requested to communicate as early as possible with Capt. A. Loftus Bryan, Polo Association delegate at Pinehurst. The club has twelve ponies available for members at a moderate fee.

MEDAL PLAY TOURNAMENT

Engages Attention of Tin Whistles

The handicapper was exceedingly generous with Howard G. Phillips in the Tin Whistles medal play, two class event on November 28, for his 81 gross carried off the low gross honors of the day and his 81-5-76 took first honors and the prize for best net in the Class A division. His nearest opponent was F. T. Keating who, with the aid of a handicap 8, was second at 86-8-78, while 87-8-79 was good enough to land Dwight R. Meigs in third place.

In the higher handicap division a quadruple tie resulted between Rev. T. A. Cheatham, John R. Goodall, H. G. Waring and C. B. Price, each of whom scored net rounds of 75. Rev. Cheatham's round of 89 was the best gross score in this division.

JUNIOR GOLF TOURNAMENT

For the benefit of the boys and girls who spend the holidays in Pinehurst, Donald Ross expects to arrange a Junior golf tournament for their exclusive pleasure. The date and conditions have not yet been announced, but the tournament will probably be held during Christmas week and will provide for qualifying rounds and match play for prizes, both for boys and girls. Their tournament last season brought out keen competition among the youngsters and developed some surprisingly good juvenile golf.
