

## STEADY MAN Sole and Heel of Sturdy Rubber

Patent applied for

### Makes the Most Practical Golf Shoe

The truncated cones on the sole are positioned precisely where the stance comes—under the ball of the foot.

These cones prevent slipping. They grip the soil. They never tear the turf or green.

Lighter than ordinary "spiked" shoes, they're thoroughly comfortable. Sewn to leather; Steady Man Soles and Heels do not "draw" the feet.

Unnecessary to change shoes for luncheon or between games. They do not disfigure rugs or floor.

Fine, too, for the tennis court, or yachting.

Easily attached to your friendly old shoes, at W. N. Foye's.

Ask your club "Pro" for them. Or, a line to us will ensure your getting them.

### NOTES OF THE WEEK

(Continued from Page 6)

An event of interest to their many friends in this section was the wedding of Miss Blanche McNeill of Lakeview and Mr. I. C. Sledge of Pinehurst, which took place at the bride's home on Tuesday evening, December 20. The wedding was a quiet home affair and only the members of the two families were present, the Rev. M. D. McNeill of Cameron, officiating. The bride was born and reared in this county and during her girlhood and womanhood has endeared herself to a large circle of friends. The groom, who comes from Nash County, this state, is Treasurer of Pinehurst, Incorporated. Immediately after the ceremony the happy couple left for a honeymoon trip to Florida points and will be at home in Pinehurst after January 1.
