Our Next Neighbor

When you have gone around the links at Pinehurst and want a variation it is only a few minutes run to Mid-Pines, and there is one of the best courses in the world. Don't go back home without a try at Mid-Pines.

And while you are about it take a look at some of the home sites over in the Knollwood section. Nature was not trifling when she made that clump of picturesque knobs over there and set the whole thing with long leaf pine forests, and capped it with this admirable climate.

It is worth a day just to drift around over there in the Knollwood area and see what out-door perfection really is.
