STEADY MAN Sole and Heel
 of Sturdy Rubber

Makes the Most Practical Golf Shoe

The truncated cones on the sole are positioned precisely where the stance comes—under the ball of the foot. Unnecessary to change shoes for luncheon or between games. They do not disfigure rugs or floor.

These cones prevent slipping. They grip the soil. They never tear the turf or green. Fine, too, for the tennis court, or yachting.

Lighter than ordinary "spiked" shoes, they're thoroughly comfortable. Sewn to leather, Steady Man Soles and Heels do not "draw" the feet. Easily attached to your friendly old shoes, at W. N. Foye's.

Ask your club "Pro" for them. Or, a line to us will ensure your getting them.
