Cafe des Invalides

Compounded

This compound is not all coffee, but contains about seven-eighths coffee, of the finest grades, blended with vegetable substances, which have been found to render it more healthful than pure coffee, in that it does not produce nervousness or wakefulness.

"CAFE DES INVALIDES" does not produce the usual effects.

Yet "CAFE DES INVALIDES" pleases the most critical coffee connoisseurs.

PAT O'HARA WINS

(Continued from Page 5)

with Pat O'Hara for the lead at 148 strokes. He looked like a repeater, but facing the wind at the first and second holes of the afternoon round, he took two 6's, being in traps at the first and in the rough at the second. Then at the third and fourth he took 5's and finished the round in 81. O'Hara took a 6 on the first hole and then settled into a grand round, going out in 35 and returning in 37 for a 72, the lowest score made during the day.

Walter Hagen failed to get in the money and a number of good men failed in the homestretch.

CAMPAIGN TO RAISE FUNDS FOR McCONNELL HOSPITAL

On March 17 a campaign was commenced to raise \$10,000 to apply on the debt against the James McConnell hospital, an institution located at Eureka, N. C., six miles from Pinehurst, and established in 1917 by the Sandhill Board of Trade through its executive committee Roger A. Derby, John R. McQueen, Leonard Tufts, Frank Page, H. P. McPherson and Sheriff D. Al Blue.

Originally, the hospital was meant for taking care of the development defects occurring in school children and to provide a proper place for the sick needing hospital treatment, but this purpose having to a large extent been accomplished, the hospital has expanded its field to take care of all general acute medical and surgical cases.

Since the hospital was established it has built up a good institution and done a tremendous lot of work, but it has been working against the task of too little money for too big a job, and at the present time it faces a debt of about \$12,000.

For this reason the campaign for funds has been started. A house to house canvass will be made, urging everybody to contribute something to the fund. Money will be the great desideratum, but where money is not convenient anything that has a market or useful value will be acceptable. Cotton, corn, a ham or two, flour, supplies of all sorts—anything to help overcome this debt.

Contributions may be forwarded to any of the committee named above, or to the hospital direct. Numerous entertainments to raise funds for this purpose are being held in Pinehurst, and it is hoped that everyone will aid in this worthy cause.
