Are You A Golf Enthusiast?

Well, it makes no difference whether you are or not—the main thing is you are an individual of judgment.

☐ If you play golf you appreciate the fact that Mid-Pines is one of the most skillful courses in the world.

☐ If you don't play golf you know that Mid-Pines course will be the ambition of the skillful players.

Another Thing—

☐ Notice the activity in village development around Mid-Pines now. The skillful golfers are going to have their homes around that course. The good grounds and the fine home locations together will settle that.

Knollwood Village begins to look like activity.
Every day is interesting there now.

An hour looking over Knollwood this week will be time well used.
