Cafe des Invalides

(Compounded)

This compound is not all coffee, but contains about seven eighths coffee, of the finest grades, blended with vegetable substances, which have been found to render it more healthful than pure coffee, in that it does not produce nervousness or wakefulness.

"CAFE DES INVALIDES" does not produce the usual effects.

Yet "CAFE DES INVALIDES" pleases the most critical coffee connoisseurs.

For Every Stroke In the Game

You get a keen sense of satisfaction from a long shot well played. But the credit is not always due to the hands on the club. The ball you play must have the resiliency to carry far, without being too lively for easy control on the green.

The Blue Radio has just the proper responsiveness for long distance and accurate putting. All in all, the Blue Radio is the ideal ball for every stroke in the game.

Price, 75c each, \$9.00 dozen
