

Cafe des Invalides

(Compounded)

This compound is not all coffee, but contains about seven-eighths coffee, of the finest grades, blended with vegetable substances, which have been found to render it more healthful than pure coffee, in that it does not produce nervousness or wakefulness.

"CAFE DES INVALIDES" does not produce the usual effects.

Yet "CAFE DES INVALIDES" pleases the most critical connoisseurs.

MAKE HOLE IN ONE

Donald Parson, winner of the recent Autumn tournament here and winner of a great many other important events during the past few years, experienced the real thrill of a golfer's career the first week in this month when he scored a hole-in-one.

Parson's triumph was accomplished in the course of an invitation tournament at the Mid-Pines Country Club, and driving from the hundred and forty-five yard eighth tee his ball landed on the green and trickled into the cup without the slightest hesitancy. This golfer has been playing golf for more than twenty years but this is the first time he has ever scored an ace.
