**Why Some People Always
 Send THE OUTLOOK Home**

1. It may contain their names in print sometime during the season. At all events, it is the chance of a life time and should not be overlooked.
2. It is even possible that they may, accidentally, wander into the path of the photographer as he makes his lightning dashes about Pinehurst.
3. For those who have friends and relatives in Pinehurst, THE OUTLOOK has been the Village weekly for thirty-four years.

No subscription coupon is attached to this advertisement, but if you really want to subscribe to THE OUTLOOK, it can probably be arranged. It is \$2.00 by the season, from now until this time next year.

A Home in Pinehurst

One thing this winter has emphasized. More people Are Interested in this section every year.

More people want homes in Pinehurst every year, and every new homemaker helps to add to the expanding attractiveness of the village and its general atmosphere.

But more people call for more home sites. To get the one you would like, it is best to make your selection before the other man gets a first choice.

Talk it over with—
