from ages 18 and over. Prepare now for U. S. Civil Service job openings during the next 12 months.

Government positions pay high starting salaries. They provide much greater security than private employment and excellent opportunity for advancement. Many positions require little or no specialized education or experience.

But to get one of these jobs, you must pass a test. The competition is keen and the spots are few.

Lincoln Service has helped thousands prepare for these tests every year since 1948. It is one of the largest and oldest privately owned schools of its kind and is not connected with the Government.

For FREE information on Government jobs, including list of positions and salaries, fill out coupon and mail at once-TODAY.

You will also get full details on how you can prepare yourself for these tests.
