

Pine Needles Club Elects New Officers

POTECASI - The Pine Needle 4-H Club met for the November meeting in the home of Mrs. Cornelius Lassiter.

Mrs. Lassiter gave a demonstration on "Simple Christmas Gifts to Make," and showed us how to make useful and practical gifts from items found around the house, such as bathcloths, bedroom slippers and tin can pencil holders. Linda Duke, president, presided and Connie Jenkins led in song. Following the pledges, Barry Jenkins gave the devotional. Arthur Jenkins read the minutes and roll call.

The upcoming bake sale was discussed and a Christmas party to be held December 16 at the home of Mrs. Lassiter will take the place of our December meeting.

We were happy to welcome three new members to our club. They are Ray and David Brown and Donald Bowen.

The club elected the following officers for 1966:

President, Barry Jenkins; vice president, Bobby Hodges; secretary-treasurer, Connie Jenkins; reporter, Linda Duke; song leader, Arthur Jenkins; recreation leaders, Ray Brown, Harry Jenkins.

After electing the officers we had a candlelight installation service. The officers will take office in January. Refreshments were served. Barry Jenkins led the recreation. There were 12 members and three leaders present.

Courtesies
November 13 the bride was entertained at a miscellaneous shower given by friends at the Milwaukee Community Building.

November 19 Mrs. Kay Warren, Mrs. Peggy Parker and Ola Garriss entertained at a lingerie shower for the bride at her home.

Apples And Citrus Fruits On Month's Good-Buy List

According to a cheerful superstition, if the sun shines through the limbs of apple trees on Christmas Day it means there will be a good crop the next year. If that's the case, the sun must have been at its brightest over the nation's apple orchards last Christmas. The 1965 apple crop - at 134 million bushels - is nine per cent larger than the five year average.

With the ample supply of apples, homemakers will be able to buy apples at low cost during the holiday season.

And if you are one to settle down in a cozy old easy chair with a nutcracker and a bowl of nuts in your lap to enjoy, you will be glad to know that the pecan crop is expected to be whopping big. In fact, the crop is estimated at 260 million pounds - enough for lots of good baking and eating.

Other foods likely to be in good supply and at reasonable prices in December are apples, onions, cabbage, fresh oranges, frozen

orange juice, peanuts, peanut butter, peanut candies and peanut oil, broiler-fryers, and turkeys.

Taylor - made for the holidays, the plentiful foods list for the U. S. Department of Agriculture provides all of the makings for a Christmas dinner.

Be sure you put citrus fruit on your good - buy list. Grapefruits and oranges are both in season - by large supply. The navel orange crop is the largest since 1947-48.

Troy Wayne Livesay, 22, Gaston, and Frances Ann Clements, 20, Emporia, Va.; Robert Lewis Michaels, 21, Dallas, Texas, and Betsy Bland Benthall, 24, Woodland.

The BANK of NORTHAMPTON

JACKSON, N. C.

your direct line to peace of mind

Truthfully, now, did you give any thought to safety when you decided upon your present heating system? Not many of us do.

Flameless electricity is the safest way to heat... it's also the cleanest. There are no by-products such as fumes, odors and soot.

Economy is another important factor not to be overlooked. Electricity uses 100% of its energy to produce heat. There are no costly maintenance calls to clean and repair nozzles, fuel lines and other furnace parts.

Why not see your dealer or rural electric representative today... electric heating costs so little for so much peace of mind.
