FIFTEEN MORE DAYS

BIG CREDIT Period

Of the Big Vote Period

Just Fifteen days and the number of credits on each subscription will be very much reduced. After that the most important part of the short gift giving campaign will be over.

Hurry—Get the subscriptions now while they count the greatest number of credits. Wake up to this big credit opportunity. You'll never have a chance to take advantage of it after these next few days. Jump into the campaign now—gather in the subscriptions before the credit schedule is reduced.

Wake up candidates—do your best; pile up a big credit total now while it is easy. Get in the lead now—during the next fifteen important days.

Here's How to Jump into the Lead

On two three-year subscriptions to the Journal 120,000 credits are allowed—a four year subscription gives you 120,000—a five year subscription credits you with 240,00 credits, and a six-year payment counts 360,000 credits for you providing you secure the subscriptions now during the big credit period.

In addition to that, 100,000 special extra credits are allowed on every \$15.00 in subscriptions you turn in.

A glance at the credit totals will show you that a few subscriptions for any candidate would do wonders; in fact an entirely new candidate could, by a little enthusiastic effort, climb to the top of the list and acquire leadership for the SPORT MODEL DURANT.

More Royal Clinchers for 1923 United States Tires are Good Tires

THE U. S. Tire people took plenty of time in developing the Royal Clincher Cord.

When it was finally placed on sale there were no mistakes in it.

Last year we couldn't make Royal Clinchers fast enough.

Production for 1923 has been more than doubled.

But whenever and wherever you can get a Royal Clincher—take it.
