Once again, we all stand on the threshold of a New Year. What will it bring? What has it in store in the way of Prosperity and Happiness?

None can answer. So we take the optimistic side of the question. We look for a most Happy and Prosperous New Year. With a smile, we face it.

We hope you take the same stand. For our best Wishes and hopes that the New Year will bring you no end of Success and that greater Happiness go forth to you.

### Check up your insurance!

YOUR farm may burn tonight. Farms do burn. There is a frightful loss of farm property every year and it is impossible to tell when and where fire will claim its next victim. Check up your insurance! Make certain that you will not suffer a serious loss if fire does come. Remember too, that a farm fire is quite likely to result in very complete destruction—to cause a total loss. All your property should be included in your insurance contract. Is it?

A Hartford Fire Insurance Company policy will give adequate protection. See this Hartford agency at once. BROWN AND BROWN

#### GIVES LUNCHEON

Miss Mary Allison was hostess at a four course luncheon, at her home which was attractive with Christmas decorations, yesterday. The place cards were Christmas bells. Covers were laid for Misses Isabel Allison, Katie McKee, Wilma Allison, Emelyn Daniels, Nellie Cowan, Ruth Oliver, Llewellyn Rhodes, Edith Geisler and Margaret Freeze.

#### TOM GREEN MAKES TALK

Lenoir, N. C., Dec. 27.—"Three years ago, Tom Green a farmer of this county bought what I considered one of the poorest farms in Kings Creek township," reported D. W. Roberts, County Agent for Caldwell County.

"It contains 180 acres all of which was badly gullied and washed. T. A. Andrews, the man from whom Mr. Green made his purchase, declared that he could no longer make a living on the place, sold out and went to Virginia. The land had never grown any grasses, beans, peas, clovers or legumes of any kind. Immediately after getting possession, Mr. Green came to my office and said that he wanted me to help him improve this farm.

"The first thing we found necessary was to properly terrace the cultivated land. We then limed, fertilized and planted about four acres of soybeans. Mr. Green harvested 12 bushels of beans, per acre with a Little Giant bean harvester and after putting the vines, leaves and pods back to the soil, he sowed the field to wheat and Red clover. The results were very satisfactory. Mr. Green now has around 80 acres of his farm in grasses, beans, peas, clover and says that by the use of lime, fertilizers, beans, peas, clovers, grasses and his bean harvester, he is going to improve the entire farm.

"After renovating the old orchard he now has a nice home orchard. He has 7 cows from which he receives a \$50.00 cream check per month. He has two brood sows from which he sells around \$200.00 worth of pigs each year. He also has a nice flock of chickens which brings him in a handsome little income. He and his family are making an independent living and are at the same time building up their farm. What he is doing on the old farm out Andrews farm is the talk of the people in the entire community."

#### HALSON TO SHOW FOUR NIGHTS WEEK

The Halson Theater will show moving pictures four nights a week, Monday, Tuesday, Friday and Saturday, and a program of PatheNews, Mack Sennett Comedies, and Paramount Pictures has been arranged for every show.

The New Touring Car \$295 F.O.B. DETROIT

A Striking Value—at \$295

Considering the improved appearance of the new Ford Touring Car, one would naturally expect a proportionate advance in price.

Larger scale production, however, has made it possible to incorporate in this new type touring car a number of decided improvements without increasing its cost to the purchaser.

A comparison extending over a long period of years will reveal the fact that the present price is actually the lowest at which the five-passenger open car has ever been sold.

The Ford Touring Car stands today, as it always has, a most remarkable value in the motor car field.

This Car can be obtained through the Ford Weekly Purchase Plan

J. S. HIGDON GARAGE

You sure get lots of work out of that team.

That's right O-Molene keeps them in fine shape all the time.

It's the KIND of Feed—NOT the Amount

A WELL fed horse from the standpoint of quality may be in poor condition. This is so because just a monotonous diet of oats or corn with hay fails to keep him in real fine shape.

Dry, tasteless oats are not appetizing and generally only partially digested.

Horses that are fed in the cities in this fashion, and never are turned out on pasture for a few weeks each summer, rapidly lose their strength and vigor. They die much earlier than horses which are given a variety of feed. This is because the animals' bodies demand certain things, which cannot be supplied in oats and corn.

Purina O-Molene has the necessary variety. O-Molene is not only more appetizing than ordinary feeds but it is more digestible. It takes less of O-Molene than the usual grain rations because it is completely balanced and does not have too much of one ingredient and not enough of another.
