**GAY**

There has been quite a bit of sick-ness in the community, for several days.

Mrs. Ernest Cabe of Franklin, was here last week, visiting her mother, Mrs. Alora Barron, and other relatives.

R. O. Higdon, of W. C. T. C., at Cullowhee, spent the week end here, visiting his family.

Mr. J. C. Buchanan is having a large water wheel built near his home preparatory to having an electric plant put in.

Mr. A. C. Wilson went to Sylva Saturday on business.

Mr. and Mrs. Robert Hall spent the week end here visiting Mrs. Hall's father, Mr. Silas Quilliams.

The infant son of Mr. and Mrs. Robert Jones has been very ill recently.

W. P. Turpin went to town Mon- day.

Miss Edith Cabe spent Thursday night with her friend, Miss Buch- anan at Webster.

Miss Hazel Turpin spent Wednes- day night with her aunt, Miss-Bird Allison.

Woodrow Higdon has been very sick but is much improved.

Mrs. Fred Barron is not much bet- ter. She has been confined to her home suffering from a bone trouble in her leg.

Van B. Higdon is at Cowee in Macon County visiting his grand- parents, Mr. and Mrs. John Murray.

**HUNDREDS ATTEND BIG SALE**

Hundreds from nearby have attend- ed the Paris Big Sale, but to give folks who have been unable to come on account of the bad roads an op- portunity to take advantage of these wonderful bargains—the Sale has been extended to Feb. 11—adv.

**RESOLUTIONS OF RESPECT**

Whereas, it has pleased our Divine and Gracious Master to remove from us our late friend and brother, the Rev. John Hoglen; and

Whereas, the relations held by our own deceased brother with the B. A. U. of the Hominy Baptist Church as President, and with the church and Sunday School as an active member render it proper that we should ex- press through this medium, our ap- preciation of his life and services as a fellow church member, and his merits as a man; therefore, be it re- solved, by Hominy Baptist Church and by the B. A. U. of this church jointly, that while we bow in humble submission to the will of the most High, we do not the less mourn for our brother and co-worker, who has been called from his labor to rest.

Resolved, that in the death of Rev. John Hoglen, this church loses a member and the B. A. U. a presi- dent, who was always active and zealous in his work for the Master; ever ready to serve in any capacity; prompt to advance the interests and causes of the church of Christ, de- voted to its welfare and prosperity; one, who was wise in council and fearless in action; an honest and up- right man, whose virtues endeared him not only to members of his church but to all his fellow citizens.

Resolved, that this church and B. A. U. acting jointly tender their heartfelt sympathy to the brave wife and babies of our deceased brother in this their sad affliction.

Resolved that a copy of these res- olutions be sent to the family of our deceased brother, and a copy to the local paper.

Done by order of the church in Conference, September 18, 1932.  
Hominy Baptist Church  
Candler, N. C.

# SCHULMAN'S DEPARTMENT STORE

## ALWAYS LEADS

Mrs. ... visited Mrs. Frank ...

Mr. J. M. Hughes and family and Mrs. ... Kinsland of Cherokee and Mr. ... Battle visited at Mr. D. C. Hughes.

Mrs. J. H. Hughes called on Mrs. J. K. ...

**ILLUSION:**  
This very old illusion was invented by Indian fakirs. The secret was unearthed in 1849 by the great magician, Robert-Houdin. At that time, ether had just been discovered, and little was known about it. Houdin claimed that he had discovered that this new anesthetic could make people light as air. To prove it, he caused the subject to rise into the air and float apparently suspended. He passed a hoop around the body to show there were no wires or supports.

**EXPLANATION:**  
There are many, many explanations for this old trick. One is that the girl wears a concealed harness, which ends in a socket between her shoulder blades. This is attached to a piston below the stage. The piston is pushed up from below, causing her to rise in the air. The piston is invisible, because it is covered with mirrors which reflect surrounding draperies, similar to the background. The magician can pass the hoop over her body because it is cut in one place. It can be pulled apart for a second when it passes the piston.

## It's fun to be fooled —

### ...it's more fun to KNOW

Another "magic show" is cigarette advertising.

One of its greatest tricks is the illusion that cigarettes can be made miraculously "MILD" through manufacturing methods.

**THE EXPLANATION:** All popular cigarettes today are made in modern sanitary factories with up-to-date machinery. All are heat treated—some more intensively than others, because raw, inferior tobaccos require more intensive treatment than choice, ripe tobaccos.

The real difference comes in the tobaccos that are used. The better the tobacco, the milder it is.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

This is why Camels are so mild. This is why Camels have given more pleasure to more people than any other cigarette ever made.

It's the secret of Camels' rich "bouquet" ... their cool flavor ... their non-irritating mildness.

All the natural, ripe goodness of Camel's tobacco is kept fresh for you by the famous air-tight, welded Humidor Pack. Don't remove it.

**NO TRICKS .. JUST COSTLIER TOBACCOS**  
IN A MATCHLESS BLEND
