Mr. Thomas N. Carlton, of Wauchula, Fla., brother of Ex-governor Doyle E. Carlton, of Florida, who has been visiting his daughter, Mrs. W. W. THE ROTARY WHEEL

South Carolina is celebrating the completion of highway No. 106 through that state by a flag raising day in Walhalla, announced by Mr. E. L. McKee at Rotary Tuesday evening. He urged all members that possibly could attend the outing. This highway when completed through North Carolina will connect with highway No. 102, making one of the finest connecting links between the middle west and the south.

E. D. Burchard, of Asheville, gave us a fine talk on the Muscle Shoals, Tennessee River and tributary development. This section has been very thoroughly reviewed by the most competent army engineers and a report of their findings submitted to the best technical authorities of the country and then passed on to congress. Among the interesting facts which he

gave to us was that Western North Carolina supplied two-thirds of the water used at Muscle Shoals during drought seasons and one-third during rainy seasons. The time allowed our speaker was hardly enough for him to cover a power program of such extensive dimensions.

Sylva Rotary members always enjoy having a good delegation from the Franklin club. Harold Stone, Lester Henderson and George Johnston represented the Franklin club our meeting Tuesday night. Our guest speaker, Mr. Burchard, was accompanied by his daughter Tuesday.

Here's Smiling Relief...

Most of your suffering from common every-day aches and pains is unnecessary and unwise. Unnecessary, because Dr. Miles' Anti-Pain Pills relieve quickly and without unpleasant after effects; unwise, because pain makes your physical condition worse instead of better. One pill usually brings relief in a few minutes.

If you suffer from any of the disorders listed above, take Dr. Miles' Anti-Pain Pills. If they do not give you greater relief in less time than anything else you have used, go to your druggist and get your money back.

A package of Dr. Miles' Anti-Pain Pills in your medicine cabinet, pocket, or hand-bag means fewer aches and pains.
