DAN TOMPKINS, Editor

Get any gold to sell?
 "The old time saloon wont come back." Sure it wont. Few people would patronize it if it did.

Last night was the coldest night this early in November within the memory of anybody living hereabouts.

It takes rather a dexterous politician to jump out of a parade going in one direction and take the band wagon going the opposite way.

The man with the smile on his face is the North Carolina farmer down east. The pain in our tobacco belt has been eased.

First we jump right smack off the gold standard, and next thing we know we are in the market to buy all the gold we can get our hands on, price no object.

Cannibals in Portuguese Guiana ate a French pilot and operator. Maybe they thought the plane was some kind of a new bird.

It is believed that there will be no change made by the conference in the appointments in this county. It is thought that Presiding Elder Hayes and all the preachers in Jackson will be returned.

The German was trying an election night not satisfied with the result. Hitler just didn't let anybody run except candidates of his party.

Then, again that dust that came over the other day, may have been from the free-for-all that the senatorial investigation in Louisiana has evolved itself into.

Henry Ford once said that if prohibition were repealed he would quit making automobiles; but then, it is remembered that Henry once set out to stop the war, all by himself.

It perhaps is correct to refer to Hitler's plans as a foreign policy. They are at least foreign to every body except the Germans, and Hitler is a foreigner there.

"North Carolina Vote Is Not Interpreted As Rap at President," says the Greensboro News headline, over a Raleigh letter. Sure it wasn't. They were shooting at old John Barleycorn, and nobody else.

Who's afraid of the big bad wolf? Nipya everywhere of increased industrial activity. The people of this America are on their way to better days. It may be slow, but recovery is sure and certain.

Mr. Roosevelt has been hitting the depression line low and hard, every play since March 4. The indications are that the Depression line is crumbling; and, if we will all run interference for Franklin D., we are on our way down the field for a touchdown.

Four machine-gun bandits held up and robbed a mail truck on the streets of Charlotte. Do your stuff, North Carolina, do your stuff. Show 'em that they can't get away with it down on the sunny side of the Mason and Dixon line.

Al Smith and John J. Raskob went down to Washington to call on President Roosevelt. We haven't heard of Elder McNinch throwing a fit about it, either. Mr. Roosevelt recently promoted him to chairman of the federal power commission.

They are talking now about promoting a national park in the Uwharrie. Soon every place that can boast an elevation of as much as 50 feet above the level of the sea will want to get itself incorporated into a National park.

An eminent specialist, with an international reputation says that he has discovered a serum that is a sure-fire cure for tuberculosis. If this is true, it is one of the most important pieces of news ever to be printed in anybody's newspaper, anywhere, in all the annals of history. It will mean that man has at last conquered one of the greatest scourges that ever attacked the race, that millions yet unborn will be saved from wasting away on beds of sickness. It will be one of the greatest advancements that humanity has ever made.

We don't know a thing about managed currency. Fact is, we can't seem to manage to even keep any.

Tobacco growers of North Carolina got twice as much cash for their crop this year as last. Who said things weren't improving.

Hon. Pete Murphy thinks perhaps the "big shots from the underworld" will now come to the Carolinas. But a horse that if they do, they wont get away with it, like they have up in Chicago, New York and about. And we'll send 'em up for something besides failure to pay their income taxes. Carolinians just wont stand for that kind of foolishness.

Three people, in their own hours, were burned to death when an airplane crashed into the house and the gas tank exploded. Soon a man wont be able to sleep in peace, unless he digs him a deep dug-out, or the law make air planes travel certain air routes, and nowhere else. History goes around in circles. We have come up from cave man to the air plane. Now maybe, the planes will drive us back to the caves for shelter and security.

"Expect U. S. Loans To Be Repaid," screams a headline in the Asheville Times, referring to the loans that Uncle Sam is making to municipalities, and such, not to the ones already made to foreign nations. But, that is the catch to all loans. They have to be repaid. The fact that so many have already been made and folks, municipalities and political subdivisions are unable to repay them is one great cause of the fix in which we have found ourselves, these two or three years past.

Another thing of interest is the fact that a Buncombe county jury settled the dispute between the park commission and the Lumber Company over the price to be paid for the Ravensford tract. This is the last tract necessary to acquire in order to complete the original park, and we may see things take shape over there immediately. Of course, hereabouts we are still watching for the time, which will soon come, when the Plot Balsams will be taken into the park, as originally intended, and the main entrance will be from Balsam Gap at the Haywood and Jackson county lines.

Those people who are saying that America would remain neutral in case of another general war, and that we are, therefore, not primarily interested in peace movements, are only deluding themselves. It is as impossible for America to remain neutral in the next great war, as it was in the last, and Woodrow Wilson, one of the greatest minds the race has produced, and his associates, exhausted every resource to keep us out of the last one. Let another general war come, and we will find our selves into it up to our necks in all the horror, filth, and suffering.

Here's some more real news: The United States Government has agreed to allot whatever funds may be necessary to complete the Park to Park Highway, connecting the Shenandoah and Great Smoky Mountains National parks. It is estimated that sixteen million dollars will turn the trick. It will provide employment for many men, buy much material, and at the same time be building an artery of travel from Washington to Western North Carolina that will bring many thousands of people here each summer to regain their health, soothe their nerves, enjoy our climate and scenery, and at the same time to spend their money with us. What with the Tennessee Valley authority and the Park to Park highway, unemployment should soon be wiped entirely out in this part of the United States.

We still see much talk in the papers about retaliation against certain wet-and-dry, come primary time, when reelections are sought. That is unwise talk. Unwise from a party standpoint, leading to intestine warfare; and unwise from the standpoint of the cause of prohibition and temperance. The battle is over. The smoke is clearing away. It is best to fight primary campaigns along other lines, and let the good that men can do in certain positions, their suitability for the positions, and their usefulness to State and country be the considerations instead of how they stood during the recent campaign. It would be foolish for the triumphant majority to turn in and defeat a useful, honest, public servant, for no reason other than that he favored repeal of the 18th Amendment now deceased. Nothing is sillier, anyway than the idea of voting against instead of voting for.

PICKENS HIGHWAY IS NOW READY FOR USE

Franklin Press, Nov. 9.—Pickens Highway, Rosman to the South Carolina line, was opened to the public Saturday. The road is similar to the Caesar's Head highway, one more coating being necessary to bring it to that standard. It was not known Wednesday whether the last binding coat would be placed on at this time or early next spring.

The South Carolina section was completed several months ago. The Rosman section with a new face that leads to Pickens.

People from Brevard who were over the road during the week-end are enthusiastic as to beautiful scenery of this route, and the good grades and curves banked.

BUDDY HALL IMPROVES

Friends of young David M. Hall, Jr. will be pleased to learn that his condition is somewhat improved, in an Atlanta hospital, where he has been very seriously ill.

Buddy is a prime favorite with the people of Sylva and the seriousness of his condition, last week, was the occasion of much concern here.

JUNIOR CLUB WILL MEET WITH MISS MYRTLE HENSON

Miss Myrtle Henson will be hostess to the Junior Club, at her home, on next Tuesday evening.

QUICK! Relief

Colds, Headache, Neuralgia, Rheumatism, Neuritis, Lumbago, Sciatica, Muscular Pains, Periodic Pains.
 Dr. Miles' Aspir-Mint relieves quickly, pleasantly, does not upset the stomach or cause constipation.
 Mrs. Marlow, Red Wing, Minn. says: "I have used Dr. Miles' Aspir-Mint for Colds and would not feel safe unless I had it in the house. It gives such quick relief."
 Your druggist has Dr. Miles' Aspir-Mint. Why don't you ask him about it?
 Be prepared, get a package, you may need it sooner than you think. Large Package 25c—Small 15c.
DR. MILES' Aspir-Mint

Prepared to Save Lives

One of the most valuable services given to the American public by the Red Cross is through its Life Saving and First Aid courses. Virtually all of the life guards at beaches and pools in the nation are Red Cross life savers. Nearly every industry in America supports the First Aid work of the Red Cross because it annually saves lives of thousands of injured persons. These courses are taught by Red Cross experts in both lines. Last year 66,354 certificates were issued to persons com-

War Veterans' Problems

Not since the period of the World War has the Red Cross faced a greater problem in handling the claims of World War and other veterans. Due to the changes in the regulations covering veterans' claims, chapters all over the nation have been crowded with veteran applicants for relief and for service in preparing appeals. During last year Red Cross home service workers in 3,268 chapters dealt with the problems of 411,124 ex-service men or their families. The chapters also aided 7,346 men still in the regular army, navy and marine corps.

An Army of Children

The membership in the Junior Red Cross last year was 6,629,866 boys and girls in schools, private, public and parochial. They enjoyed volunteer work in hospitals and for orphans, the aged and crippled, and also aided their schoolfellows by providing attention for their eyes, purchasing their glasses, and giving many other types of service to them. The Juniors aid their school work by carrying on correspondence and the exchange of portfolios with school children in other nations.

SYLVA GIRL TRIES SUICIDE

Miss Naomi Griffin, 18 year old girl is in Haywood county hospital in a serious condition, as a result of a self-inflicted wound, at a Canton boarding house where she has been living for a week.

The young girl is a daughter of James Griffin of Sylva. She is expected to recover. The bullet, fired a few minutes after she had told Miss Pearl Ballard that she and "her man" had had some words, and that she did not want to live without him, entered the right side of her chest.

NOTICE OF REMOVAL

Dr. W. K. Chapman
 Has moved his offices to Room 7
 Cole Building

Dr. G. Conrad Nichols
 Dentist
 Offices with Drs. Nichols
 Over Sylva Pharmacy

DEITZ MAKES STATEMENT

Editor Jackson County Journal: I desire, if permitted to do so, to express through the Journal my deep appreciation and thanks to the citizenship of Jackson County for their unsolicited support of myself as the anti-repeal candidate in the election of November 7. I did not seek or offer myself for the place; nor did I resent it or refuse to let my name be put on the ticket. It was for which I have stood all my life and have demanded from every pulpit in which I have tried to minister.

I have deep and abiding sincere convictions in the matter of moral and religious advancement (no political concern whatever). Hence I have no unfriendly feelings to anyone who differed with me. I can and do accord to them the free right to their convictions that I take myself.

Now that the people of the county and State have expressed their wish in the case, I think the thing for us to do is to cease caviling about it and set out, both citizens and officers, to make use of the power we have to make our county and State a safer and better land for the coming generations to live in.

An inspired writer said: "when righteousness reigns, the people rejoice".

To the good man that was on the opposite side from me (Mr. Queen) I extend my hand of friendship as ever, and also to his supporters.
 November 11, 1933

FOR RENT

Five room cottage—newly decorated—close to school. \$10 per mo.
 D. D. ALLEY, Waynesville, N. C.

"You know how much work we telephones will do for you. We call the doctor, firemen or police . . . save you time and many steps . . . make you easy to reach at all times . . . and earn many times our hire every month. Opportunity doesn't ring at your door today—rings your telephone!"
 WESTERN CAROLINA TELEPHONE CO.

Personal Experience

. . . is a hard teacher. Wise are they who are willing to profit by the lives of others.

No lesson in life is taught more forcefully and by more numerous examples than it pays in terms of success, happiness and comfort to work honestly and to "Bank Something Regularly."

The reason so many people are not a financial success is their disregard of the little things in life. The person who is too big to do little things well is generally too small to do big things.

Regular systematic saving of nickels, dimes and quarters make the great accumulation of Dollars.

Our banking facilities and service are at your command and we invite you to call on us and take advantage of these complete facilities.

3 per cent. interest paid on saving accounts.

Hectic Days-Sleepless Nights

TOO MUCH work, too much mental strain, too much worry . . . then "NERVES". How they torture you, tire you, keep you awake nights!

"NERVES" make you irritable, restless; give you Headache, Indigestion. . . "NERVES" make you look and feel old. . . weaken resistance and pave the way for serious nervous or organic trouble. J. M. Foster, a druggist, suffered tortures from Over-wrought Nerves. He had dozens of so called "Nerve Remedies" in his store. One by one he tried them without relief until. . . But let Mr. Foster tell his experience in his own words.

"I think Dr. Miles' Nerveine is the best nerve medicine made, and that a better one cannot be made. Dr. Miles' Nerveine was the only medicine on the shelf or in the prescription case that put me on my feet." J. M. Foster, Druggist, Marysville, Ohio
