Why Gulf is the Gas for August

"COMON IN, FELLAS, and cool off!" Most days are hot in August. Gasoline must be refined specially for this weather. If it isn't, part of the fuel goes out the exhaust unburned, wasted . . . and you don't get the mileage you should. Use That Good Gulf Gasoline in August. It's refinery-adjusted for summer weather—"Kept in Step with the Calendar"—all of it goes to work, none of it goes to waste.

Pay Your TAXES

1935 taxes will be advertised in a short time.
