A Card-To You,

It has been suggested by some good people that I ought not be elected County Treasurer because I am a merchant and "would never have any money" but try to get people who present county orders for payment to trade their paper for goods telling them that there is no County money on hand. Now in meeting this charge, I have this to say, once for all if I should be honored with the office, I will not trade goods for a single county order, large or small nor authorize any one else do so for me while in office, and will pay any one \$100.00 in cash who can make it appear that I fail to keep this pledge.

For many years with an unrepented and unforsaken grudge against a neighbor or relative blackening their souls and undermining the foundation of character?"—Baptist Courier.

The republicans are doing some lively ping-pong with the trust question but it will need democratic singleness of purpose to satisfy the people and definitely settle the matter.

NEGROES SHOOT FOURTEEN MEN

HUNTER AND WIFE FIRE ON OFFICERS.

New York Sept. 2.—Jerry Hunter the negro who shot a number of policemen and set fire to his house, in Queensborough, last night, in an effort to escape, was captured to-day and locked up in the Astoria jail. In the fight between Hunter and those who tried to arrest him eleven policemen, three citizens and Hunter and his wife were injured. Hunter's wife, who was helping her husband in his effort to escape was taken to his house, where, it was said that she was in bad condition. Her husband was badly beaten in the struggle when he was caught John McKenna, a patrolman, was shot in the head and face. Both his eyes were destroyed and the wounds in his head are so serious that his recovery is doubtful. The injured were men called upon by the police to aid in subduing Hunter.

Hunter was employed as caretaker of a large tract of land near North Beach, L. I. Yesterday he saw a man digging sand worms on the property and he shot at the intruder, who ran away and told policeman McKenna what Hunter had done. McKenna ran to Hunter's home and was shot by the negro.

Blindness, hoarseness and diseases. Refuse sale by W. R. Hambrick.

When our republicans get through incubating their trust policy the brood will resemble democratic roosters.

Mrs. Fred Unrath.
President Country Club, Benson Harbor, Mich.

"After my first baby was born I did not seem to regain my strength although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband insisted that I take Wine of Cardui for a week and see what it would do for me. I did take the medicine and was very grateful to find my strength and health slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

Wine of Cardui reinforces the organs of generation for the ordeal of pregnancy and childbirth. It prevents miscarriage. No woman who takes Wine of Cardui need fear the coming of her child. If Mrs. Unrath had taken Wine of Cardui before her baby came she would not have been weakened, as she was. Her rapid recovery should commend this great remedy to every expectant mother. Wine of Cardui regulates the menstrual flow.
