Stiegler
 Allen said. Allen denied the accusation. Allen also testified that Stiegler threatened to "fuck him up" the next

day as he passed Allen in the Union. Former congress members Chris Tuck and Charlton Allen, Darren Allen's brother, said in their testimony for the prosecution that they heard Stiegler threaten Allen in separate incidents.

Stiegler testified that he confronted Allen during each of the three alleged incidents but never threatened Allen. "What I said was, 'Who the hell do you think you are by passing around the list,'" Stiegler said during his testimony. He said he called Allen a "motherfucking fascist" and he might have called Allen an "asshole," but he never threatened Allen.

After the trial, Stiegler said he was not sorry that he insulted Allen. "I'm pleased with the verdict," Stiegler said. "I don't have any regrets."
