

Concession sales to support local schools

With the opening of Movies at Timberlyne, Eastern Federal will continue its strong commitment to support the communities where its theaters are located. So, for the first month the theater is in operation,

coming to the movies also will be an opportunity to support the local schools. During this time, the company will donate a portion of their concession funds to the Chapel Hill-Carrboro Public School Foundation.

Manager Carl Johnson said he talked with several members of the community before selecting this organization. "We chose the schools because we felt

there was a real need," said Manager Carl Johnson. "We wanted to help support the education of the children of the area."

In the past, Eastern Federal has helped a variety of charitable organizations through their theaters. One example that particularly stands out was a program that benefitted the Heart Foundation, said Cecil Allen. Admission to the mov-

ies was free, but the company requested that donations be made to the organization.

"You can talk all you want about helping the community, but actions speak loudly," Allen said. "That's what our company wants to do."

COMING SOON . . . RETURN OF THE STUDENT BODY
