SAND'S SARSAPARILLA. IN QUART BOTTLES.

For Purifying the Blood, and for the care o Salt-Rheum, Fever Sores, Erysipelas, Fimples, Biles, Mercurial Discases, Cutaneous Eruptions, Liver Ocmplaint, Bronchitis, Consumption, Female Complaints, Loss of Appetite, General Debility, &c.

In this preparation all the restorative properties of the the root are concentrated in their utmost strength & efficacy; but while Sarsaparilla Root forms an important part of its combination, it is, at the samet .. ne, compounded with other vegetable remedies of great power, & it is in the peculiar combination and scientific manner of its preparation, that its remarkable success in the cure of disease depends. It acts simultaneously upon the Stomach, the circulation and the lowels, and thus the processes, which are ordinarily the result of three ... erent kinds of medicine, are carried on at the same time, through the instrumentality of this one remedial agent which gently stimulates while it disinfects and expels from the stomach and bowels all flat is irritaing, and at the same time restores their vigor and tone. Many other preparations imite it in bearing the name of Sarsar arilla, and in that their resemblance ends, being often prepared from worthless and inert roots, and of course possess no healing or curative properties, and patients in making choice of which ther hould take no other, but that one entitled to their con idence, from the long list of cures it has effected on iving witnesses, whose testimonials, and residence have been published, and who are still bearing daily stimony to its worth

Sands: Gentlemen,-Having witnessed the most beneficial effects from the use of your Sarsaparilla, it gives me pleasure to send you the following statement in regard to my son. In the spring of 1848 he took a severe cold, and after eight weeks of severe suffering the disease settled in his left leg and foot, which soon swelled to the utmost. The swell was lanced by his physician, rofusely; after that no less and discharge than elever med on the leg and foot at five different Physicians, but one time much; and the last winter found d and low that he was unable to him so e leave his be suffering the most excruciating pain. During this time the bone had become so much affeeted that piece after piece came out, of which

he has now more than twenty-five preserved in a bottle varying from one half to one and a half inches in length. We had given up all hopes of his recovery, but at this time we were induced to try your Sarsaparilla, and with its use his health and appetite began immediately to improve, and so rapid was the change that less than a dozen bottles effected perfect cure. With gratitude, I remain truly yours,

mond county, N C., March 4, 1854. Dr. C. M Jackson, Philad'a .- Dear Sir, - I have been subject of Dyspepsia in its worst form, for the last five years. Such was my condition for twelve months that the Physicians and all who saw me said I must die. While in his condition, I was carried to the watering-places in Virginia, Tennessee and North Carolina, but was not benefitted by any water to which I was taken. While on my way home, I stopped a week at Rutherfordton, a small village in North Carolina, to try the effect of some Chairbeate water in that place. About the last of the week I went into a drug store to get some medicine for my child and myself.

There were several of the village physicians in the store, and one of them seemed to take some interest in my case, and after asking me some questions, said he had been a dyspeptic, and been greately benefit-ted by the use of "Dr. Hoofland's German Bitters," prepared by you, and he insisted that I would try the Bitters. He, also, called the next day at my room, and insisted so much that I would try them that I ask-Scrofula, Kheumatism, Stubborn Ulcers, Dyspensia ed him to get me one bottle. Af cr reaching home, one of my neighbors came to me for a prescription and medicine, (he a dyspeptic) and I gave him nearly all the Bitters I had left; which effected much good in his case. He has often called on me for more of the same kind of medicine, saying he was more benefitted by it than any other he had taken, but I have not been able to get any more for nim or myself since; will you, therefore, please ship mea dozen or more as soon as possible? "Hoofland's German Bitters" have cured me of the mast stubborn and aggravated case of the Piles that, perhaps, ever fell to the lot of man .-My case is not a stranger to this community, as I am well known in this and the surrounding counties, and can truly say that my recovery has astounded all my friends and relations, as I had tried everything recom-mended, and nothing did me any good until I was pre-vailed upon to try the Bitters.
