Different Events of the Day at  
the Late Field of Carnage—  
Official.

By Telegraph to the State Chronicle.

HOMESTEAD, Pa., July 12.—The Na-  
tional guards began to disembark from  
their trains at Munhall Station about 9  
o'clock this morning.

HOMESTEAD, Pa., July 12.—Law and  
order had been once more established in

Refuses a Formal Reception.

HOMESTEAD, Pa., July 12th.—At a  
conference this afternoon between a  
committee from the Amalgamated As-  
sociation and the committee of the State  
Guards, the latter refused to be given  
any formal reception by brass bands etc.,  
as was the intention of the Association.  
The general said he was here to do his  
duty as an officer and expected to do it  
in justice to all concerned. The com-  
mittee informed him that they received  
with open arms, then the confer-  
ence adjourned.

Official Statement From the Com-  
mander.

HARRISBURG, Pa., July 12.—The fol-  
lowing has been received by the gov-  
ernor:

"PITTSBURG, Pa., July 12.—To Hon.  
Robert E. Pattison, Governor: I ar-  
rived at Homestead at 8 o'clock this  
morning from Baderburg, where the  
Second and Third brigades concentrated,  
accompanied by William H. McCleary,  
high sheriff of Allegheny county. Ever-  
thing is peaceful and quiet. The  
brigades are in good force and in excel-  
lent condition, and are ready to give  
cheerful obedience to orders. I am co-  
operating with the sheriff.

THE INVESTIGATION ON.

The Committee Began Last Night to  
Go Into the Labor Troubles.

By Telegraph to the State Chronicle.

PITTSBURG, July 12.—The Congres-  
sional committee was prompt in getting  
down to work to-night. At the hour  
set, 7:30, Judge Oates, chairman, swore  
the first witnesses, H. C. Frick, the  
general officer and the attorneys of the  
Carnegie steel company, limited, were  
present. The workmen were represented  
by President William Wehr, Presi-  
dent elect Garland, ex-vice-president  
Roberts and David Lynch, all of  
the Amalgamated association, and a  
few others. Mr. Frick stated that the  
wages were based on the provisions of  
the amalgamated association scale of  
July 1888. Mr. Frick handed to the  
committee a copy of the amalgamated  
scale and attempted to enlighten it on  
the workings of a sliding scale, which,  
to them was a veritable Chinese puzzle.  
To illustrate, Mr. Frick cited a special  
case showing what wages would be un-  
der both the old and proposed  
scales and explained how each  
department would be affected. Mr.  
Frick then touched upon the decline in  
the price of pig iron. Making a com-  
parison between 1889 and 1892 prices,  
he said: Over production and not the  
tariff was the cause for the continuous  
decline in prices. From this Mr. Frick  
passed to a detailed statement of causes  
leading to the employment of 300 Pink-  
erton men. The Pinkertons were em-  
ployed and all the arrangements per-  
taining to them were completed between  
June 28 and July 2. The correspond-  
ence between Mr. Frick and Robert H.  
Pinkerton was introduced. Investigations  
continued.

THE SILVER QUESTION TO-DAY.

Final Preparations by the Anti-Silver  
Men Last Night.

By Telegraph to the State Chronicle.

WASHINGTON, July 12.—The com-  
mittee on preliminary procedure of the  
anti-silver men of the House held a  
conference immediately after the house  
took a recess this afternoon. The con-  
ference was held for the purpose of out-  
lining a plan of procedure in opposition  
to the silver bill when it is called up to-  
morrow. It was decided not to filibuster  
against the adoption of the resolu-  
tion, which the committee on rules will re-  
port, setting aside Wednesday and Thurs-  
day for the consideration of the measure.  
This decision, however, is not binding  
and will be deserted should circum-  
stances demand it. The anti-silver men ex-  
pect to defeat the resolution by a direct  
vote and will probably allow one to be  
had as a test of their strength. No defi-  
nite plan of procedure was adopted but  
one will be decided upon as the matter  
progresses in the House and circum-  
stances require. Messrs. Tracey of New  
York, Williams of Mass., and Raynor of  
Maryland, were appointed a commit-  
tee to take charge of the fight on the  
floor, and Messrs. Harter, of Ohio;  
Fitch, of New York; Geissenhainer, of  
New Jersey; Herbert, of Alabama, and  
Outwater, of Ohio, were appointed a  
committee of "whips" to keep the full  
voting of the anti-silver men present.

The anti-silver men say to-night that  
they have been given every assurance  
that the republicans will vote with them.

The Gun Was Detected, Perhaps.

By Telegraph to the State Chronicle.

WASHINGTON, July 12.—Gen. Flaegler,  
chief of the ordinance bureau war de-  
partment, has received an informal re-  
port from Captain Heath in command of  
the proving ground at Sandy Hook of  
the sinking of a vessel while testing a  
disappearing gun. The officer says all  
the usual precautions were observed and  
that no vessel was within a mile of the  
line of fire.

Liberal Gains in Britain.

By Cable to the State Chronicle.

LONDON, July 12.—The results of to-  
day's elections so far as known up to 5  
o'clock p. m. show sufficient liberal  
gains to wipe out the government's return  
of the sinking of a vessel while testing a  
disappearing gun. The officer says all  
the usual precautions were observed and  
that no vessel was within a mile of the  
line of fire.

Frick Obstinate as Ever.

By Telegraph to the State Chronicle.

PITTSBURG, Pa., July 12.—A repre-  
sentative of the United Press called at  
the office of the Carnegie steel company  
at noon. Both Mr. Frick and Mr. Love-  
joy were seen, but beyond the statement  
that they confidently expect that the em-  
ployees at their union mills will continue  
at work, very little information was ob-  
tained.

President held a public reception and at  
noon left for Washington.

## BLOODSHED IN KENTUCKY.

A Negro Mob Fire Upon Whites, in De-  
fence of a Negro Friend.

By Telegraph to the State Chronicle.

PADUCAH, Ky., July 12.—At 2 o'clock  
a negro mob caused bloodshed here, and  
there is no telling what the result will  
be. Elmer Edwards, a member of a  
local military company, is dying from a  
gun shot wound and a mob of sullen  
blacks and a crowd of angry and deter-  
mined whites, including the local mili-  
tary company, are on the streets. Shortly  
after 9 o'clock last evening, while the  
chief of police threw a bomb in their  
midst by announcing that a report had  
just reached him that two or three  
hundred negroes, armed with rifles,  
had congregated in the vicinity of the  
jail prepared for an attack. The report  
spread like wild fire and in a very  
few moments the entire city was wild  
with excitement. The mayor at once  
sent a dispatch to the governor asking  
him to order out Company C, of the  
State Guard, located here. Every able-  
bodied man was soon on the streets and  
everybody was armed. The sheriff soon  
had charge of a posse, composed of  
seventy-five men armed with shot guns.  
The cause of the uprising is the hanging  
of Charles Hill, the negro who made an  
assault upon Lydia Starr some weeks  
ago. Several of the men in the guards  
and posse were killed—while the negroes  
were no less routed. Excitement runs  
high.

Quiet Now, But.

CINCINNATI, July 12.—A special to  
the Post from Paducah, Ky., at 11:20 to-  
night, says: "Everything is quiet. Some  
of the ringleaders of last night's out-  
break are in jail, and their comrades de-  
clare that they will rescue them to-night.  
Extra precaution will be taken by the  
sheriff and chief of police, and, as every-  
body is well armed, an attempt of this  
kind would meet with a warm reception."

SEVENTY-FIVE WATERY GRAVES

A Sad Ending of a Pleasure Party on  
the Bay.

By Telegraph to the State Chronicle.

PEORIA, Ill., July 12.—It is reported  
that the tug boat Frankie Folsom cap-  
sized and sank on Lake Peoria this eve-  
ning with 150 people on board. Seventy-  
five people are reported to have been  
drowned. Prof. Payne, has been giving  
a protechnic display here for the last  
few weeks and a good view of the ex-  
hibition can be observed from the lake  
from the northern part of the city and  
large numbers on excursion boats and  
small row boats took advantage of the  
free exhibition.

This evening about 1:30 a strong wind  
storm suddenly arose and the crafts were  
unable to withstand the vehemence of  
the storm. One boat yard claims that  
nine skiffs have not yet  
returned and it is thought that  
the occupants have been drowned.  
There is great excitement. Particulars  
are hard to obtain, as it is not known  
who were in the boats.

ington, D. C.: The Governor of the  
State of Idaho, has called upon me, un-  
der section 4 of the constitution, for as-  
sistance in suppressing a domestic dis-  
turbance which the State authorities are  
unable to control. You will at once

The Largest Opium Seizure Ever  
Made.

By Telegraph to the State Chronicle.

WASHINGTON, July 12.—A telegram  
was received to-day at the treasury de-  
partment from special agent Mulkey, at  
Astoria, Oregon, stating that in conjunc-  
tion with Collector Taylor he had seized  
the steamship Wilmington and held her  
for forfeiture; arrested the captain and  
crew and captured 902 cans of opium on  
board. The Wilmington plies between  
Victoria, B. C., and Portland, Oregon.  
The seizure of this large quantity of  
opium (about \$5,000 worth) is one of the  
largest ever made by United States offi-  
cers.

## STATISTICS ON COINAGE.

QUESTIONS ANSWERED BY THE  
SECRETARY OF THE  
TREASURY.

By Telegraph to the State Chronicle.

PHIBUSTERING IN BOTH BRANCHES OF  
CONGRESS YESTERDAY—SHALL SENATORS  
BE ELECTED BY THE  
PEOPLE?

WASHINGTON, D. C., July 12.—[Senate]  
Mr. Palmer, Democrat, from Illinois,  
sent to the clerks desk and asked to  
have read in order that it might be  
printed in the Record, some questions  
which he had addressed to the Secretary  
of the Treasury and the replies received  
thereto, from Mr. Loch, director of the  
mint. These questions and answers were  
in substance as follows:

Question. What number of standard  
silver dollars of the coinage of the United  
States are in circulation?

Answer. \$2,779,728, on July 1st.

Q. What number of standard silver  
dollars are now in the Treasury?

A. On July 1st, 357,189,257.

Q. What number of tray ounces or avoirdupois  
pounds of silver bullion pur-  
chased with silver coin, or certificates,  
are now in the Treasury?

A. The amount of silver bullion pur-  
chased under the act of 1890 was 78-  
933,000 tray ounces, of fine silver, or  
5,413,548 pounds avoirdupois.

Q. What length of time would it re-  
quire with the present facilities to coin  
all the bullion in the treasury?

A. Nearly two years and a half with-  
out doing any other coinage.

Q. What number of standard silver  
dollars at the present ratio would the sil-  
ver bullion now in the treasury produce,  
if coined?

A. One hundred and two million and  
fifty-five thousand silver dollars.

Mr. Morgan, objecting to it going in  
the Record, the vice-president called at-  
tention to the fact that this debate was  
not proceeding by unanimous consent.

Mr. Allison (rep. Iowa), chairman of the  
committee on appropriations, said he  
would move to proceed to the further  
consideration of the sundry civil bill, so  
as to test the sense of the senate as to  
whether these appropriation bills should  
be finished or not. The motion being  
entertained took Mr. Morgan off the  
floor, as well as Mr. Palmer, who  
had addressed the chair and was waiting  
to reply. Before the sundry civil bill  
was again taken up, Mr. Voorhees asked  
the unanimous consent of the senate  
for immediate consideration, prom-  
ising that if it led to discussion, he  
would withdraw it until to-morrow. He  
sent to the clerks desk and had read a  
resolution reciting that in all disagree-  
ment between laborers and employers  
the principles of prompt and peaceful  
arbitration should be put in operation  
and that the refusal to arbitrate, con-  
flicting interests and a resort to  
force for their solution was in-  
consistent with the principles of a  
free government, etc. Under  
the rules, objection being made, the  
resolution went over till tomorrow.  
Discussion on the Sunday closing amend-  
ment to the World's fair appropriation  
bill was resumed.

At 2 o'clock, Mr. Washburn, (rep.) of  
Minnesota, moved to take up the anti-  
option bill, upon which he yesterday  
spoke, and make it the unfinished  
business of the Senate so as to be in  
order each day at 2 o'clock until a con-  
clusion was reached.

Mr. White, (dem.) of Louisiana, ob-  
jected, and demanded the yeas and nays,  
which resulted as follows: Yeas 23; nays  
15. After the vote had been announced,  
Mr. Allison asked unanimous consent  
that the anti-option bill be temporarily  
laid aside so as to allow for the further  
consideration of the sundry civil bill.

Mr. Woott, of Colorado, objected;  
unanimous consent was refused. On  
motion of Mr. Allison, the Senate pro-  
ceeded with the consideration of the  
sundry civil bill, and the anti-option  
bill thus went to the calendar, subject of  
course, to its being taken up again at  
any time by the same vote of the Senate.  
At 5:40 Senate adjourned.

House of Representatives.

Mr. Dockery (dem.) of Missouri sub-  
mitted the conference report on the dis-  
trict of Columbia appropriation bill,  
which recommends an appropriation of  
\$90,000 for the G. A. R. encampment  
next September. The bill shall be  
of the district of revenue agreed to. The  
House then proceeded with the consid-  
eration, providing that Senators shall be  
elected by a direct vote of the people.

Mr. Tucker (dem.) of Virginia who re-  
ported the resolution, spoke in favor of  
the change. The debate was continued  
briefly by several members all of whom  
favored the general proposition to elect  
Senators by a direct vote of the people,  
method of securing the change. Filibuster-  
ing by the republicans was thus  
successful, preventing a vote on the reso-  
lution, and at 5 o'clock the House  
took a recess until 8 o'clock to-  
night, the evening session to be for  
the consideration of pension matters.

the latest intelligence of the revolution

that before this they have been executed.

## THIRD PARTY POW-WOW.

A Split in the Congressional Conven-  
tion in Third District Yesterday.

Special to the State Chronicle.

FAYETTEVILLE, N. C., July 12.—An  
adjourned meeting of the congressional  
convention of the people's party for this  
district was held here today, and after a  
heated and somewhat cross firing con-  
troversy, over-striking out all St. Louis de-  
mands which make it obligatory on all  
and people's party men to vote for  
none other than those candidates who  
swallow without reservation the St.  
Louis platform, the convention adjourned  
to meet here August 23d, and postponed  
the nomination of a candidate for con-  
gress and presidential elector to that  
date. Subsequently nine whites and  
two negroes re-assembled in the court  
house and nominated Frank Koonce, of  
Onslow, for congress, and J. W. Perry,  
of Bladen, presidential elector. Those  
delegates who carried the motion for  
adjournment to August 23d, make no  
concealment on the streets here this af-  
ternoon of their open repudiation of the  
ticket as nominated and are emphatic in  
presenting and pursuing the course they  
represent and sustain them in the course  
they are pursuing. Koonce, the con-  
gressional nominee approaches near hav-  
ing done everything and nothing at the  
same time than any man in the country  
while his colleague Perry is an ex-repub-  
lican with but little if any following in  
his county or the district.

A JOHNSTOWN REMINDER.

A Town and People Inundated by the  
Overflow of Water.

By Cable to the State Chronicle.

PARIS, July 12.—A terrific storm  
swept over the Chamounix valley last  
night. Rain fell in torrents and the  
enormous quantity of water precipitated  
caused the river Arve to rise suddenly to  
a great height. The swelling of the  
mountain stream led to the inundation  
of the country along the banks and great  
damage was done at many places. The  
worst disaster was at St. Gervais, the  
famous health resort. The village was  
practically swept away and it is  
reported that 200 residents and visitors  
were drowned. The celebrated hotels  
were destroyed and at least half the  
buildings in the place demolished. The  
river is full of floating debris, mingled  
with which are many corpses of men,  
women and children, besides hundreds  
of cattle, goats and other animals.

PARIS, July 12.—(Bulletin.)—One  
hundred and fifty bodies have been  
found at St. Gervais.

The House Committee on the Scene.

By Telegraph to the State Chronicle.

PITTSBURG, Pa., July 12th.—The  
House committee appointed to investi-  
gate the present labor troubles and out-  
break at Homestead arrived in this city  
this morning and went directly to the  
Mongomahela house. Chairman Oates  
said that it was the committee's desire  
to get down to work as soon as possible.  
He could not say how deep the investi-  
gation would go, and hoped to conclude  
the matter within three days if possible.  
The committee left this morning for  
Homestead.

were issued to the militia men with very  
little discretion as to numbers, and  
within an hour of their arrival at the

stead were filled with a dusty and tired  
lot of soldiers. They mingled with the  
locked out Carnegie mill men and  
drowned all differences in beer at the  
many saloons which were wide open.  
Numbers of militia men were under the  
influence of liquor by noon and some of  
the strikers kept them company.

LONDON, July 12.—At 1 o'clock this  
afternoon the correspondent of the Uni-  
ted States Press, who called to inquire  
as to the condition of Mr. Waider Astor,  
was informed by a member of the  
family that Mr. Astor was doing splen-  
dently. The family were shocked to learn  
that a report of Mr. Astor's death had  
been printed in New York.
