LARGEST CITY CIRCULATION

RALEIGH JULY 13, 1892

TRoubles COME NOT SINGLE.

The Governor of Pennsylvania has a war on his hands that may not be as short as he supposes, nor as easily settled. When the Carnegies are in full possession of their property, what will they do with it? Will they employ non-union men to work and ask the troops to stay there and guard them? The trouble is not settled yet.

UNEXPECTED ROTORIEZY.

Things work around funny sometimes. Mr. Adlai Stevenson of St. Louis, who has given much attention to the kindred scientific lines of botany, mineralogy and archaeology in a very quiet way, making himself known to none but those of this and other nations who are of a kindred turn of mind and have become known because of the fact that the Democratic nominee for Vice President happens to have the same name, he all of a sudden becomes known almost throughout the country. The New York World says of him:

He is well known in the scientific world as a botanist, mineralogist and archaeologist. He also possesses one of the finest private collections of Indian relics in the United States, and consequently in the world. This Mr. Stevenson is a man of advanced years, with long silvery hair that falls to his shoulders, a benignant face and a bearing of great modesty.

JEWISH WOMEN ARE TO TAKE PART IN THE SYNAGOGUE SERVICE.

The Jewish rabbies at the recent rabbinical conference of America in New York promulgated a declaration to the effect that women of the Jewish faith should have equal rights and share in the affairs of the synagogue, and steps were taken to organize synagogues on this modernized plan. This is a little in advance of any Christian denomination, except that possibly of the "Christian church." The Methodist church probably stand next in its attitude toward this question but have not quite succumbed yet. When the Jews yield to the modern demands on this subject we may just as well give it up as one of the inevitables. Ladies to the front.

Judge Gresham, in reply to the question of a Chicago Herald representative, has flatly declared that he would not accept a place on the Supreme Bench if it should be tendered him by the President. It is given to but few men to decline in the same month a Presidential nomination and a place on the highest bench in the world. The natural inference will be that the Judge is willing to be classed as wholly outside the field of preference.

The great fire at St. Johns, Newfoundland, proves to have been greater in its disastrous results than was indicated by first reports. Not less than two thirds of the town have been swept away, including many public buildings and large business blocks, and over 14,000 persons are destitute and homeless. Proportionately it is a more destructive catastrophe than that which laid waste the city of Chicago twenty years ago. Active measures of relief have been taken at Halifax, and all Nova Scotia is called upon to cooperate in the good work.

WOULD NOT SEND HER PICTURE.

ATLANTA, Ga., July 11.—The Atlanta Journal this afternoon prints the following letter received from ex-President Cleveland in answer to a request for a picture of Baby Ruth for publication in the Journal:

Replying in behalf of Mrs. Cleveland to your letter of the 13th inst., I have to say that there has never been a photograph taken of our child, and it is impossible for that reason to comply with your request. It is only frank to add that if there were any of her pictures in existence we should not be willing to have one published in any newspaper. We are doing all we can to check the notoriety which would be in reared by such a publication. We would be glad to please you and the paper with which you are connected, but we can not bring ourselves to the point of giving our baby's picture to be printed in a newspaper. Yours truly,
GROVER CLEVELAND.

NEWFOUNDLAND'S HEAVY LOSS

HALIFAX, N. S., July 12.—Careful estimates place the total loss by the St. John's conflagration at \$20,000,000, with insurance less than \$5,000,000.

A further shipment of canned foodstuffs, including Macaroni, has been shipped from Halifax.

The Government has ordered that the New Brunswick and Nova Scotia troops be sent to the front.

A FORTUNE FOR AN ELOPING GIRL.

Baltimore Herald.

Sophia Elizabeth Neumann, once a belle of Surinam, in Dutch Guiana, eloped with Adolph Nohl in 1876. Her parents were so indignant that they disowned her. Two years ago Sophia's eldest brother died and left her 100,000 guilders. A provision of the will makes it impossible to divide the fortune until Sophia is found.

Recently the girls parents wrote to the Consul General of the Netherlands in this city, and he has found traces of Mrs. Nohl in Boston, Philadelphia and this city, but her present whereabouts is still unknown.

The Rev. Mr. Dixon does not prove anything by saying, and he ought to know, for he is of age, that the machinery of justice cannot be monopolized by people who are anxious to obtain the advertising advantages of an indictment. If Mr. Dixon has a case against the District Attorney let him present it in the proper way. Neither public order nor religion is served by interperpetrated expostulations, even though there may be a basis of truth for the intemperance.—N. Y. World.
