

# THE MORNING CLARION.

Democratic at all times.

FRIDAY - - APRIL 21, 1876.

## DISTRICT CONVENTION.

A Convention of the Democratic-Conservative voters of the Fourth Congressional District will be held in the city of Raleigh on Tuesday the 13th day of June next, for the purpose of nominating a candidate for Congress and a Presidential Elector, and selecting two delegates to the St. Louis Convention. A full attendance is earnestly desired. Each county will be entitled to one vote for every one hundred votes and fractional part over fifty given for Merrimon in 1872.

By order of the District Executive Com.  
H. A. LONDON, JR., Chairman.  
March 31st. 1876.

## THE COMING CAMPAIGN.

The Executive Committee has set a good example in calling the State Convention so early, and we are glad to see our Democratic friends in so many counties are preparing to follow suit. By July we may expect the Democratic forces ready for action under their chosen standard-bearers.

When we think of the importance of the work, and the interests involved, we cannot begin too early or labor too faithfully. Begin now. The country is on the brink of ruin. Corruption and fraud (especially in this county) has ruled long enough. We want the best men that can be had for the various offices. Give us another Board of County Commissioners at least. True men is what we want. Honest men. Men of character and courage. Men of integrity and intelligence.

Bear in mind, also, that the Amendments to the Constitution are to be submitted to the people for rejection or ratification at the same time. This is an important thing to the freemen of North Carolina.

Conservatives, let us be sure we do our work thoroughly.

The N. Y. Herald says "nobody should be surprised if we witness a dissolution of the cabinet within the ensuing two weeks" We are not surprised at anything these times.

## COL. S. D. POOL.

It seems that a portion of the Democratic press is not satisfied with Col Pool's letter of vindication. We trust that he will be enabled to exculpate himself from all suspicion of irregularity or impropriety in the management of such funds as he may have held in trust. The record of Col. P. has heretofore been untarnished and we should regret exceedingly to be compelled to credit any thing reflecting on his fair fame. Still we would not shield him or any one else who has been faultless to his trust, simply because he was a member of the Democratic party.

## GLOVES OFF.

The Polkton Ansonian tell us to "pull off these gloves and go to work" Now Col. don't Polkton to us in that way. In regard to Radicalism we expect to "handle it with gloves off." And as to "going to work"—it is no new thing with us. We "go to work" every day, and print the CLARION at night. By the way, the Ansonian hasn't made its appearance at this office yet. If the CLARION is worth copying from it is worth exchanging with.

## GOOD ADVICE.

That is sound advice from one of our exchanges which says: "Farmers, when your Conventions are to be held go and put in nomination your strongest men. Don't stay away and complain. You are the men who feed and clothe the country—go and have a share in controlling it." Good advice, that.

## "JES SO."

It is an excellent paper—that Danville Daily Express we allude to. Georgie, you and Daniel allow us to return thanks for your kindness. May your shadows never grow smaller. We refer you to the quotation, from Watts we think,

"Were I so tall as to reach the pole,  
Or meet creation with a span,  
I must be measured by my soul—  
The mind's the standard of the man."

Just to think! Cincinnati has 4,000 dinking saloons.
