REPRESENTATIVE DANIEL

Hon. S. G. Daniel was in town Monday morning for the first time since the convening of the General Assembly. Upon commenting upon the work of the General Assembly, and especially his part of that work, as it effected Warren County, he remarked that he had done what he believed to be the best interest of the citizens of the county, and what a large majority desired done. He said he "expected criticism from those who thought that 'No good could come out of Nazareth'" and possibly has received it. He talked enthusiastically of the value of the Highway Commission to the County, and for its "preparedness" for Government aid—nearly 250,000 dollars of Government money coming to North Carolina this year, and more each succeeding year. We gather these facts from a short conversation, in which he expressed himself as being appreciative of the endorsement given him generally throughout the county. Those disposed to criticize can await the publication of the Laws for comfort—if they can find any.

SENATOR MCCOIN

The General Assembly has adjourned and Senator McCain has returned to his home. We believe he has represented his District with distinguished ability, and with great satisfaction to his constituents. His zeal in two matters of State-wide importance has made his name and ability known and recognized throughout the State. These two especial matters were the bill to elect members of the County Boards of Education, and the bill to give Newspapers a reasonable compensation for legal advertising—North Carolina Newspapers are now getting less than in any state in the Union except one. The Democratic members of the Legislature could not have unity of sentiment on the question of method of selecting County Boards of Education, as all bills submitted to the General Assembly had serious defects, and it is a credit to Senator McCain that he should solve the problem by popular selection with Legislative confirmation. As we said in the beginning these measures, in connection with his proven ability in other matters, has made his name prominent in all sections of the state, and he looms large in the public eye as in line for promotion. The Warren Record takes pleasure in commending Senator McCain to the people of the State for further public honors.

THE STATE-WIDE BOND ACT FOR ROADS

We have written heretofore of the Road Bond Act passed by the Legislature for the building of roads and commended the act. The purpose of the bill is to allow counties to issue five per cent County bonds for road construction, and exchange them for four per cent State bonds, and the difference between four and five per cent would pay the bond off in forty-one years. Up to this point and with this general plan the bill is all right; BUT, and here comes the "jok-

er" so to speak—the requirement that the Commissioners levy a fixed per cent, to be increased each four years until it reaches ten per cent for maintenance simply kills the goose that was expected to lay the golden egg. This feature of the bill simply kills its usefulness. Our commendation was based upon the general purpose of aiding the counties to build roads; but we are sincere in the opinion that the author makes it impossible for counties to accept aid by tacking on to it his compulsory maintenance tax. He should have left the amount of this maintenance tax to be fixed by the different County Boards of Highway Commissioners. We have been forwarded a copy of the law through the Legislative Reference Library, hence our knowledge of all its provisions.

RURAL CARRIER EXAMINATION

The United States Civil Service Commission has announced an examination for the County of Halifax, N. C., to be held on April 14, 1917, at Macon, to fill the position of rural carrier at Essex, N. The examination will be open only to male citizens who are actually domiciled in the territory of a post office in the county and who meet the other requirements set forth in Form No. 1977. This form and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington at the earliest practicable date.

CALOMEL DYNAMITES
A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dodson's Liver Tonic, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.
