

# STRIKERS JAILED AT GASTONIA

### Special Deputies Use Blackjacks When Strikers Parade Is Attempted

### REPORTER IS A VICTIM

GASTONIA, April 22.—As a result of an attempted parade by 500 strikers and their sympathizers at the Loray mill shortly before 6 o'clock tonight about 30 men and women are in the city and county jail and other arrests are likely to follow during the night.

Following inflammatory speeches by George Pershing, Miss Bush and Fred Beal, all of whom called on the strikers to pull a parade in defiance of a recently enacted city ordinance, the parade was formed.

### Deputies Stop Parade

About 60 deputies who are on guard since the troops were removed from this area Sunday had been instructed that no permit had been issued for a parade and were ordered to stop it. This they did with bayonets and blackjacks. None of the paraders, however, was injured. As fast as they could be rounded up the leaders of the parade, including Amy Schechter and Miss Bush, were arrested and taken to the city jail where warrants were issued against them on a variety of counts.

### Newspaper Man Injured

So far as can be learned the only man injured was Legette Blythe, special representative of the Charlotte Observer, who was an innocent bystander and who was not in the parade.

W. W. Bindeman, a special deputy, brought in yesterday from one of the county chain gang camps, ordered Blythe to move on and immediately struck him with the butt of his pistol or a blackjack, inflicting a painful wound on the left side of his forehead. Blythe was knocked to the ground and was unconscious. He was taken by other officers to a drug store where his wound was dressed and later went to the city hall.

Mayor W. T. Rankin, Chief of Police Adderholdt and Solicitor John G. Carpenter, were vehement in their denunciation of the action of this deputy and it was agreed that an investigation would be instituted at once and that he would be put off the force and probably indicted for an assault.

Following the arrest of the parade leaders everything was quiet in the mill village and the Loray mill was running as usual.

### Club Boys To Have Permanent Camp

RALEIGH, April 23.—On twelve acres of land donated by the State Department of Agriculture from its holdings at the Mountain Branch Station near Swannanoa in Buncombe county, a permanent camp for use of 4-H club members and adult farmers and farm women will

be ready for use this Summer.

"The camp is a triumph of cooperative effort among those interested in the rural advancement of western North Carolina," says John W. Goodman, district agent of the State college extension service in announcing the close of a successful campaign for its establishment. "We plan to build first an auditorium, dining room, kitchen and lake. These will be available in early Summer. Then each county that uses the location for its boys and girls or men and women will build its own cottage for sleeping quarters. The capacity of the camp will be 500 persons at one time and we plan to have it occupied at least three months in the year. One feature of the Summer will be a farm and home week at which time we expect to have thousands of men and women from our western counties gathered for instruction and recreation."

Mr. Goodman gives credit to County Agent O. B. Jones of Henderson county for first suggesting the idea. He also credits J. M. English of Asheville with securing donations of lumber and timber from the lumbermen's association to make the camp possible. The city of Asheville is hauling the material to the camp site now and the Buncombe county board of commissioners has graded an excellent road. Many business and commercial organizations have helped. Civic clubs have given their support and individual have made important contributions. The Southern railway reduced its freight rates on the material contributed.

At the present time, P. H. Gaston, county agent of Transylvania county, is giving his full time to constructing the central group of buildings and the dam.

### Good Will Sponsors His Used Car Values

PONTIAC, Mich., April 25.—Another progressive step recently taken by a prominent automobile manufacturer toward better business methods in the merchandising of used cars, came to light here today when the Oakland Motor Car company announced adoption of a national policy under which all Oakland-Pontiac dealers will be asked to furnish a written guarantee with all reconditioned used cars.

Under terms of the guaranty, parts are furnished free to replace any found defective during the first 750 miles of driving, provided the mileage is run up within thirty days after the sale. The car also may be returned within 48 hours after the purchase if it proves unsatisfactory and the full purchase price applied to any other car, new or used, of equal or greater value in the dealer's stocks.

A written guaranty printed on lithographed bond paper is issued by the dealer to the purchaser at the time of the sale, while all cars carrying the guaranty also have a windshield sticker on which is printed, "Reconditioned GUARANTEED Good Will Used Car."

The object of the new plan, according to M. L. Buck, manager of the used car department, is to provide the purchaser with concrete evidence of the good faith of the dealer who makes the sale.

"Many of our reconditioned used cars are priced within the range of the cheapest new car," Mr. Buck stated. "If the money were invested in the small new car the purchaser would receive a standard warranty with it. In making a similar purchase of a good used car, he is

entitled to a like measure of protection.

"We know that our dealers' reconditioned used cars are capable of performance comparable to a small new car. Consequently we aim to give the purchaser full assurance of our faith in the car by backing up our claims in writing."

The used car guaranty applies only to those cars which have been thoroughly reconditioned and re-finished under the Good Will plan—a policy inaugurated some years ago by Oakland to lend individuality to the quality used cars handled by the Oakland dealer organization. The familiar figure of "Good Will Oakland," with the slouch hat and the inevitable stogie, is well known throughout the country through his association with the used car business of this company's dealers.

Featured on the used car guaranty form is a definition of good will as handed down by the United States Supreme Court. This states that "Good will is the disposition of the pleased customer to return to the place where he has been well treated."

Provisions of the used car guaranty are designed to further this attitude on the part of the customer, Mr. Buck explained, because they elevate still higher the plane of relations between the dealer in Good Will used cars and the public.

Master Farmer S. L. Carpenter of Gaston county has the prettiest field of red clover in Piedmont North Carolina, say those who have visited it.

### RESOLUTIONS

MRS. CARRIE THORP ALSTON  
On Easter Morning, March 31, 1929, there passed from the midst of loved ones to the sweet "calm of Paradise the best," the spirit of Mrs. Carrie Thorp Alston, vice president of the Woman's Auxiliary of Emmanuel church, Warrenton, N. C. She was an active and earnest worker in the auxiliary and a devoted member of the church, faithful in attendance at worship and conscientious in the performance of every responsibility laid upon her.

Whereas, God has seen fit to take from us this beloved and earnest co-worker, we, the members of the Woman's Auxiliary of Emmanuel church, Warrenton, N. C., desire to place on record our great appreciation of her meritorious services; also to express our very real sorrow and loss in the death of this faithful member of our organization. To her family we extend our deepest sympathy and to God give thanks for her life and labors among us, humbly bowing in submission to the will of Him who doeth all things well.

A copy of these resolutions shall go to our minutes, a copy to the

local press and a copy to the bereaved family.

## AMERICAN KITCHEN KOOK

CLEANLINESS—SPEED—CONVENIENCE—SAFETY

### Cook With Gas

Kitchenkook brings to rural and suburban homes and city homes outside the gas limits, every convenience of city gas. In fact, it is a gas stove, with its own gas plant built right into it. Makes and burns its own gas from common gasoline, producing the fastest known cooking fire. Kitchenkook is different from any stove you have ever used. It has all the fine features of gas with none of the objectionable features of common liquid fuel stoves; no wicks or chimneys; no smoke, soot or kerosene odor. With its new American Instant Lighter it takes less than a minute to light; then all burners are ready at once. Turn them on or off as wanted, just like gas. Kitchenkook is the biggest improvement in fine cook stoves in the past quarter century. It's the sensation of the industry. Don't fail to ask for a demonstration of this wonder cook stove. Made in 16 attractive models.
