term "low-hung," but for all that overlooked or omitted. they have a distinct and appealing charm. This one, for instance, is rather unusual in its treatment, the iow roofed porch with its solid brick supporting pillars, producing an at-mosphere of coolness and quiet comfort altogether beyond the ordinary. Build it anywhere, in any setting, and it will command more than the average attention. It is a

really attractive design. Coupled with the detached slab walk staggering drunkenly to its inviting doorway and helped by the tropical shrubbery that ornaments it, the bungalow presents an alluring picture, yet its greatest appeal to the housewife will be found in ghering of farmers. The week its exceptional interior arrangement. Few bungalows of this type been favored with more care-

and corner of the State.

Gain In Auto Sales

ALIFORNIA bungalows are ful consideration of the little conbuilt along lines which the au- veniences that make for home comtomobile man would probably fort. Seemingly nothing has been

Like most California bungalows the living and sleeping rooms are entirely set apart from each other. just as effectively as if there was a second floor, a most desirable arrangement. Despite this, the bath is very conveniently placed. In this bungalow, departing from the usual, there is a basement reached from the hallway off the kitchen and leading to the rear service

The living room is exceptionally large, opening into a dining room so arranged that they may both, on occasion, be thrown virtually into one. A large kitchen is flanked by a cozy breakfast nook, so set into the corner that windows open on both sides, insuring cheeriness at all times.

The walls are of whitewashed common brick, the roof of Spanish tile. The Spanish influence predominates. It should please the most exacting.

To Work In Philippine Islands State Department of Agriculture, internationally known to be especially qualified to measure the special forestry work in the Philiphave started fifteen years ago. In helping map out a five-year development program Mr. Curran has rendered the City of Raleigh valuable service and the Chamber of Commerce has already handed him a "fine appreciation" in the form of a resolution of thanks.

Representatives of the negro schools of the State have requested a survey of the fields covered by their institutions of learning covering the facilities, curricula, etc. The request was made at a conference here recently called by Prof. N. C. Newbold, State director of negro education, which adopted a resolution asking the State Department of Education to inaugurate plans for a close study of the entire field.

It is announced by the State health authorities that Dr. Kendall Emerson, managing director of the National Tuberculosis association, and F. D. Hopkins of the Association staff, both of New York, will deliver addresses at the city auditorium in Hickory. They expect to be in the State three days.

Chain store operators who are testing the legality of the 1929 special chain tax of \$50 per unit on commercial organizations operating more than two stores, won recently before Justice of the Peace E. Lloyd Tillery here and the case was immediately appealed to the Wake Superior Court where it will rest until November 25, when Judge R. A. Nunn will hear arguments, evidence submitted having been concluded. The test case was brought by the Great Atlantic and Pacific Tea Company, et als, against A. J. Maxwell, Commissioner of Revenue, but practically all other chain stores are included. Magistrate Tilley held that the tax is invalid and unconstitutional. If his decision is upheld by the Supreme Court the chain stores will secure a refund of money already paid the State which, it is said, will amount to around \$65,000.

News reaching Raleigh is to the effect that seven men, including all members of the Sampson County ed many of the schools may have Highway Commission, have been to be closed. The authorities are indicted by the grand jury of that warning parents of the dangers of county as the result of the explosion and fire that destroyed a dyna-
