That Justice May Ever Have A Champion; That Evil Shall Not Flourish Unchallenged.

Entered at the Postoffice at Warrenton, North Carolina, under Act of Congress of 1879.

Glory be to God in the highest, and on earth peace, good will toward men.—Luke 2:14.

The supreme battle of this generation is on between the deflationists and the consumptionists. The deflationists are those business leaders who think that the way out of the current economic middle lies in reducing the standards of living.

NEW YEAR BRINGS NEW OPPORTUNITIES

A graph of any activity will show dips and peaks even as the world has hills and valleys. Even the daily grades of children in the schools if graphed will show the same rise and fall.

The year that has just closed has been a trying one upon our citizens. It has brought, with its pleasures, many sorrows, and most of us saw it depart with few regrets.

WE ARE PROUD OF OUR CITIZENS

There is no need to try to minimize the affects of the closing of a bank in a town. It is very unfortunate. It causes inconvenience, hardships and some suffering.

It is equally as foolish to become panicky. That only makes the situation worse. Business will be carried on. Confidence will be gradually restored.

There is absolutely no sound reason to doubt this. There have been many periods of depression, some as bad as this one, and the world has emerged stronger from each ordeal.

Years of association with people of this community have taught us that they are fundamentally sound. They look at matters in the right light. This was forcibly brought to light in the closing of the Bank of Warren.

JUST KIDS—Greetings.

Thinks Business May Have To Weather One More Big Storm

NEW YORK, Dec. 30.—American business may have to weather a new and final storm blowing out of Europe early in 1932, but is now scraping bottom and will emerge stronger than ever, said Irving T. Bush today.

"When we get through this storm," he said, "American industry will make more operating at 80 per cent of capacity than it ever did before, going at even 100 per cent."

"I am an optimist, but not a fool optimist," said Bush. "There is a difference. If we were on our own, as we were 25 years ago, I believe we would go ahead from here, but things have changed."

"I look for further financial trouble from Europe, and, with it, a storm. It will be a blessing in disguise. For when the storm is over, I expect the useless slaughter of security values to be ended."

"The upturn in business will follow, and by fall, 1932, we will begin a new golden era."

"This is not a prophecy of evil. It is of good. Wholesale and retail stocks are small. Money will come out of hiding and many banks, now liquid in fear, will again lend freely."

NO MORE RATS

or Mice after you use RAT DIE. It's a sure rodent killer. Try a package and prove it. Rats killed with Rat Die leave no smell.

I'm in favor of making Almee Semple McPherson president during the forthcoming year, with Al Capone serving as vice-president and Bishop Cannon acting as speaker of the House.

Let's make Frank Grist Governor of North Carolina, and by all means let's elect Estep to the United States Senate.

If we all join in and do our part, we can make 1932 a great year. It's the Bicentennial year, you know. Two hundred years since the birth of George Washington.

In those days they only had Taxation to worry them. Now we've got both Taxation and Representation to worry us.

And did we succeed in getting them!

However, the chances are that things will turn out all right. All of us, right at this particular moment, are busily engaged in shouting "Happy New Year!"

On grass pasture, six cows belonging to W. W. Jarvis of Currituck County gained 555 pounds in four months; on lespedeza pasture the six cows gained 510 pounds in one month and a half.

bank, was wonderful to see. It was as well a wonderful tribute to the Citizens Bank and its management. We are proud of our citizens.

WRITES AGAINST LEVY

Editor, The Warren Record, Sir: They say the longer you live the more you know, and I guess that is so. I have lived in the good county of Warren nearly 58 years, have raised ten children to be grown and have five more to raise.

But a few days ago the High Sheriff drives up and levies on all household and kitchen furniture, hogs in the pen which I had expected to have some fresh meat Christmas from.

I told him "No." "They can sell then," he said. "Do you mean they can come in my house and sell what belongs to my wife and me and put us out of doors in the middle of winter without food and a place to sleep?"

I thought to myself "For what, to keep up people who have very little feeling for the farmer?" Now brother farmer, the most of us have gone broke in the last few years, but we still had a few more meals to eat and a place to roost at night.

I thought at first it was so embarrassing I would not say anything about this, but as I have lost several hours sleep over the matter I

have decided I wanted the good people of Warren county and the State of North Carolina to know about it, what kind of treatment some of us are getting by county officials.

Now this is no joke. Every thing I have in the house and on the outside (I mean personal property) are advertised to be sold the 6th day of January, 1932. And it is for 1931 taxes.

I think the time is almost at hand when we will have to take down our old Muskets, and if we have to do it, lets do it like a man. I am at my last ditch and I can not go any further and can not jump the ditch.

It does look like we could have spent one more Christmas without this, and I hope none of you who read this will have to go through what my wife and I are going through at this season of the year.

I do not deny the fact that we should pay taxes, but I would like to be treated like other men. I am writing this because I think it is my duty, not to hurt any one but the facts should be known.

Yours Truly, A. E. PASCHALL.

PEOPLE MUST WAKE UP Editor, The Warren Record, Sir: Up and at Arms, No this isn't Paul Revere speaking but the time will soon come around again when the people of Warren County must arise and elect men for the various offices of County Government.

The people now have realized the fact that it is more important now than ever before to select and elect men who can and will use every ounce of their good honest fair efforts to better conditions in our county.

We are in favor of office rotation and this is positively necessary (if) we're going to show any improvement.

Wake up, and at Arms, go'd men and women of Warren and let's nuke a clean sweep. Yours for better Count, Government. A. C. PASCHALL. Macon, N. C.

NEW YEAR! GENEVA! PEACE. Geneva! Erath now looks to thee, And waits thy gift of peace. O hallowed spot! O sure decree That wars on earth shall cease!

The bags are packed, and every heart Beats hopefully; and smiles Adorn men's faces as they start O'er earth's and sea's long miles.

Greet thou them well, O Switzerland! Geneva, keep them there Till men of earth all understand Our universal prayer!

The prayer of earth is now for peace, Thy word it's waiting for: Geneva, fall us not; let cease All armaments of war!

Bless thou Geneva, O New Year! Peace there in hearts instill! And let thy next good Christmas cheer Be "Peace on earth; good will!" —E. C. Durham, Warrenton.

JUST ONE THING AFTER ANOTHER —BY— CARL GOERCH

1931 has passed into history and 1932 is coming up over the hill. Most of us are holding our breaths to see what the new year has in store for us.

The past year has been a rather strenuous one from more than one point of view. It has left us rather bedraggled. The chances are that it will go down in history as the Year of Patched Pants.

And we'll be darned lucky if 1932 doesn't go down in history as the Year of No Pants at All.

What we need is a change. We've had the same old crowd running things, and they've made a jolly mess of everything. Republicans and Democrats don't seem to be able to accomplish anything at all.

Let's make Frank Grist Governor of North Carolina, and by all means let's elect Estep to the United States Senate.

If we all join in and do our part, we can make 1932 a great year. It's the Bicentennial year, you know. Two hundred years since the birth of George Washington.

the end is very near and a new and happier day for everyone is in the making. We learn only by experience. American business, he added, lost some of its raw courage and hardy morale in the easy days of 1928 and 1929, but is regaining them under the wholesome influence of hard grubbing in 1930 and 1931.

B. I. Dunlay of Ansonville, Anson County, has been getting an income of about \$100 a month from 12 cows this year. Without the cows times would have been rather hard on his farm, he reports.
