FOOLISH I WANDERED VIRGINIA'S WOODS
 I wandered Virginia's woods
 as rustling leaves
 brushed by my feet (for 'twas
 autumn).
 I walked at the foot of a tree the
 grave of a soldier;
 I was wounded he and buried
 on the retreat (easily all
 I understand).
 It is a mid-day hour when
 I find no time to lose—yet this
 sign left.
 I saw a scrawled and nailed on
 the wall by the grave,
 a sign true, and my loving
 comrade.
 I long I muse, then on my
 way go wandering,
 a changeable season to follow,
 and many a scene of life,
 at times through changeful
 season and scene of life.
 alone or in the crowded
 street.
 before me the unknown soldier's
 grave comes the in-
 scription rude in Virginia's
 woods.
 cautious, and my loving
 comrade.

 Mrs. Betty Luadeke of Dayton writes: "I am using Kruschen to reduce weight—I lost 10 pounds in one week and cannot say too much to recommend it."
 To take off fat easily, SAFELY and HARMLESSLY—take one half teaspoonful of Kruschen in a glass of hot water in the morning before breakfast—it is the safe way to lose weight—It is the safe way to lose 4 slightly fat and one bottle that lasts 4 weeks costs but a trifle. Get it at any drug store in America. If this first bottle fails to convince you this is the safest way to lose fat—money back—but be sure and get the Kruschen Salts—imitations are numerous and you must safeguard your health.
