

THE TORCH

A department conducted for The Warren County Memorial Library

By MABEL DAVIS
The Librarian

Visits Library

Miss Margaret Gilbert, field worker for the State Library Commission, spent Saturday morning in Warrenton. She was much interested in the new library building and commended the work of the building committee.

For the Jones Memorial Shelf

Three new books have been added during the week. Two of them, "The Christ of the Mount" and "Christ and Human Suffering," by Stanley Jones, were given by friends interested in Lenten reading. The third, "Culture in the South," edited by William T. Couch, has been placed with other books given in memory of W. Brodie Jones. The book made up of a series of some thirty contributions by as many writers, each well versed in his special field, and covers the various phases of Southern life. It will interest students of sociology especially, I think, but will also prove interesting to persons following the trend of literature, fine arts, religion, handicrafts, or the future of the farmer etc. In short, the book will interest all students of Southern life and culture, whatever one's special subject may be.

I regret to say that this is the last book we shall be able to add to the Jones Memorial shelf. The entire fund—\$135.00 turned over to the library by friends of the late Brodie Jones to be invested in books in his memory, has been expended. From it books have been added from time to time over a period of several years and a very fine collection added to the library. In it may be found many fine biographies, books of travel, books about science, fine arts and many fine novels. There are more than one hundred volumes in the collection. Not all, however, were purchased through this fund. The Encyclopaedia Britannica and Woodrow Wilson's History of the American People were given by the Jones family. Other fine volumes have been added by friends living out of town.

Things One Does Not Forget

Some of the truest expressions of understanding, like a certain woman's small gift on one memorable day, are fraught with so much love one does not soon forget them. Three persons left silver at the desk recently—"for the book fund"—they said. Another, a country gentleman, sent us a load of wood the day it snowed. Each of them or their families had previously contributed to the library. Every week we have similar encouraging and unostentatious expressions of cooperation. To such friends we are largely indebted for whatever measure of success the library may attain.

Manson Items

Mrs. Justin Rankoff of Oxford visited friends here last Thursday. Miss Frances Dowling of Raleigh spent the week end here with her mother, Mrs. J. W. Dowling. Mr. John Adams spent the past week end in Durham with relatives. Mr. Duke Champion from near Louisburg spent the past week end here with his parents. Mr. and Mrs. M. R. Mitchell of near Middleburg visited their daughter here, Mrs. W. E. Brack, last Tuesday. Mr. and Mrs. Ed Collins of Norlina visited Mrs. J. W. Dowling here last Thursday. Friends of Mr. Eugene Brack will be glad to know that he is improving nicely after undergoing an operation at Maria Parham hospital in Henderson for appendicitis last Saturday. Mrs. L. N. Kimball spent Friday in Henderson. Miss Jennie Dowling spent the week end with Mrs. M. R. Mitchell near Middleburg. Mr. and Mrs. A. B. Paschall and W. B. Brack visited Mr. Eugene Brack at the hospital in Henderson Sunday. Miss Margaret Champion spent Friday night with Mrs. C. P. Holzman at Drewry. Mrs. W. E. Brack and little son, Billie, are spending sometime at her mother's Mrs. M. R. Mitchell near Middleburg while Mr. Brack is in the hospital. Mr. Thurman Kirk of Youngsville spent the week end here with Mr. Woodrow Singleton. Mrs. W. B. Brack visited her son, Eugene Brack at the hospital in Henderson on Wednesday. Several cars of beef cattle fed by C. A. Brown of Cleveland in Rowan county paid for their feed and have provided him with between 700 and 1000 tons of manure. A mother can do almost anything with a boy but she can't make him admit that girls are his equal.

Boy Sheriff's Job

NEW LEXINGTON, O.: . . . Don Sarber, 27, boy sheriff (above), has the grim task of guarding five members of the Dillinger gang, who in October in a raid to free Dillinger, killed his father, Jesse Sarber, then sheriff.

Today and Tomorrow

By Frank Parker Stockbridge

SAMP good eating

When I was a boy down East one of the familiar figures on the streets of our town was the "hulled corn man." He peddled from a huge can what the Indians taught our Pilgrim ancestors to make and to call "samp." It was Indian corn parboiled in lye, so that the outer skin came off and the kernel was white and fluffy and very good eating, especially, I used to think, when served with Porto Rico molasses.

In the Middle States the Indian name for this processed corn was "hominny", and farther South the name began to be applied to coarsely ground corn which had been put through a similar process, and which the folks of the Deep South now call "grits."

When I hear anyone talk of the deliciousness of hominy, alone or in the familiar combination of "hog and hominy" I am never sure whether they are talking about our Yankee "samp" or the southern "grits." But I do know that both are mighty good eating.

RABBITS and fever
Twenty years ago the small animal life of some of the Alaska islands was wiped out by a volcanic eruption. This left the Indians in bad shape, for they lost not only an important food supply but the foxes whom they kill for their pelts, also had their food curtailed. Now the Government is planting colonies of rabbits on these islands, in the expectation that they will increase rapidly and restore the balance of animal life.

What I want to hear is that the Government has found a cure or prevention for the rabbit fever which is often fatal to man who handle rabbits or rabbit pelts. A Maine guide died the other day from this disease, which he caught from a fox he had skinned, after the fox had been eating a rabbit. It is a curious infection which seems to be spreading all over the country.

GOLD to market
The price of \$35 an ounce for gold has, naturally stimulated gold mining everywhere that a trace of the precious metal has ever been found, and in some places where they have only guessed it might be. One of my neighbors, a few miles from my farm, has taken out a license to dig for gold in the Berkshire hills. I hope he finds it.

They are getting gold in paying quantities from several abandoned mines in North Carolina. Before the gold strike in California there were profitable gold mines in many parts of the Atlantic Seaboard. So much gold was mined in the Carolinas and Georgia that for years the Government maintained a mint at Dahlonega, Georgia and Charlotte, N. C.

Now there is no more gold coinage, but anyone who finds an ounce of gold anywhere can get \$35 for it from Uncle Sam, and some folks are going to strike it rich somewhere.

MUSIC neighborhood sings
I am not yet convinced that the radio is a good thing in all respects. People do too much listening to professional singers and musicians, make not enough effort to produce their own music. Not that it is not refreshing to listen to first-rate music—which we get too seldom "on the air"—but it ought not to be too easy.

There is more social value, more that makes for love of home life and neighborly spirit, when everybody in the household, or a group of neighbors, get together, in a home or a church or a town hall and try what they can do to make a little music for themselves. I know of nothing that is so heart-warming in its effects as a neighborhood sing.

4-H Clum Members To Go To Capital

Four 4-H club members, two girls and two boys, will be selected now shortly by the Agricultural Extension Service of State College to attend the National 4-H club camp at Washington to be held June 14 to 20, inclusive.

"The national camp is held annually, and is regarded by extension workers both in Washington and in the 48 states as the leading club event of the year," says L. R. Harrell, state club leader. "To be selected as a delegate to this camp is generally considered as the greatest honor that can come to a 4-H club member. The four delegates from North Carolina together with four others from each of the remaining 47 states of the Union are selected from a membership of about one million club members. In North Carolina, the four delegates will represent about 30,000 club members."

To be selected as a delegate to the national convention, a club member must be at least 15 years of age, must have completed three or more years of club work, being active in 1933, and must be able to furnish complete records on his club projects for the three years. Selection of the delegate will be based upon the club members' report, the part he has taken in community activities and the written story of his experiences and results as a club member.

In Memoriam

W. H. ST. SING

In sad but loving remembrance of our dear grandfather, Mr. W. H. St. Sing, who departed this life January 18, 1934, at the age of 79 years, 5 months and 3 days. Although he had been an invalid for over 16 months, he always bore his suffering well and never complained about anything and always had a smile for every one.

The funeral service was conducted at the Sharon church at Wise by his pastor, Rev. F. G. Walker. Interment was in Wise cemetery. He is survived by his wife and five children, Mrs. Tom Collier of Norlina, Mrs. John Annons of Petersburg, Mrs. J. L. Thompson of Wise, Mr. W. W. St. Sing of Wise and Mr. W. G. St. Sing of Warren Plains. He also leaves 23 grandchildren and three great grandchildren.

The one so dear lies sweetly sleeping. A voice we loved is stilled; There is a vacancy in our home Which never can be filled.

—A GRANDDAUGHTER.

MARGARET F. KING

In loving memory of our darling baby, Margaret F. King, aged 7 months, who departed this life two years ago today, February 24, 1932.

Two long years ago today, dear Margaret, since You left us with broken hearts And never will the wound be healed As long as we are apart. What happy days we once enjoyed.

When we were all together; But, Oh! how changed it is now Since you have gone forever, A bud on earth to bloom in heaven. —Mother, Dad and Sisters.

WARRENTON DAIRY PURE CREAM 1-2 pt. 15c; pt. 30c; qt. 60c

Fortune teller: "I warn you; a dark man is about to cross your path." Motorist: "Better warn the dark man."

Now that hunting season is over, why not get a bottle of our oil, clean up the old gun and put it away until next fall? We're mighty glad Marse Ed Rooker got his car back. We're also glad that the thief did not play more havoc here.

You've heard of the candy factory hiring the farm hand to milk the chocolate. We apologize for that one.

We congratulate the Warrenton tobacco market for selling such a large quantity of tobacco during the past season. A strong market brings our good farmer friends to town. We like that.

How about that old medicine chest? Hunter's is the place to stock her up.

Winter should be about over, but still the public should guard against colds. If you fail to take our advice, then take our medicines.

Don't forget about that fountain pen we are offering at 49 per cent off.

Judge the new FORD V8 on what it will do

Thousands of people who can afford to spend two or three times as much for a car, are today choosing the Ford V-8 for 1934, instead. Here are some of the reasons.

POWER. The Ford V-8 for 1934 gives you better than 80 miles per hour with the quicker acceleration and greater smoothness of an 8-cylinder motor. Power has actually been increased by 12 per cent over last year's model.

COMFORT. The Ford V-8 for 1934 offers more actual body room than many other cars that cost considerably more. It offers you new Clear-Vision

VENTILATION, with the window in one piece. It offers you free action for all four wheels—plus the comfort of Ford Cantilever Springs and the proved safety of a front axle.

SAFETY. With the new Ford V-8 you get an all-steel body, safety glass, welded steel-spoke wheels, exceptionally low center of gravity and more braking surface per pound of weight than any other American-made car we know of.

ECONOMY. Gasoline economy is increased by two or three miles per gallon with the new Ford V-8. Test runs show that the new engine will give 20 miles per gallon at 45 miles per hour.

IN THE WARRENTON TERRITORY

FORD V8 IMMEDIATE DELIVERY NO DELAY

NEW FORD RADIO PROGRAM With Waring's Pennsylvanians: Sunday, 8:30 P.M., Thursday, 9:30 P.M., over Columbia network.
