Without Impurities... DEATH!

"A Pure Food and Drug Act for plants would be a death warrant to all living creatures."
—SCIENTIFIC AMERICAN

READ the above statement again. It seems strange. Yet no truer words have ever been written. If all impurities were eliminated from the soil, no man, no beast, no living thing, could stay alive.

Chilean Natural Nitrate, for many years, has stressed the importance of its Nature-given impurities. This magic plant food is the only nitrogen that comes from the ground. It is the only nitrate that contains Nature's blend of rare elements... Nature's own balance of vital impurities.

So you see the importance of protecting yourself by specifying Chilean when you buy nitrate. There are two kinds, Champion Brand (granulated) and Old Style. Both are genuine Chilean. Both are natural. Both have the vital impurities. You are safe with either one.
