MRS. JACK NELSON, Editor

REMEMBERED WORDS

I did not know your name
But your voice lit a thousand
candles
In the dark chambers of my mind—
Fired bright signals on dim moun-
tain-tops
Where storms blew up wild winds
From out an ancient sea,
And when you spoke of lovely things
A thousand roses bloomed
Through endless garden gates
That opened on a summer day.

THROUGH CAPITAL

cause consternation at the federal alphabetical pie-counter.

LOW-DOWN—Perhaps you have wondered why airlines are suddenly spending huge sums of money to provide much faster service. Here's one answer to your question reaching Raleigh. You remember that last February Postmaster General James A. Farley put the skids under many airline corporations with mail contracts. Now the eagles are planning to get back at Mr. Farley. They are establishing the rapid schedules to carry air express at greatly reduced rates and continuing the post office business on old schedules. Result—the postoffice department is expected to lose much of its profitable business and Congress will ask why. The airlines will offer the same speed to mails with fatter contracts. That may or may not be the motive but you'll agree that it makes sense.

PRINTING—Perhaps you have heard the rumor that the State expects to greatly expand its printing plant at the Central Prison in Raleigh. That was one of Highway and Public Works Chairman E. B. Jeffress' pet ideas but now he is critically ill in his home in Greensboro and not expected to recover. New quarters will be provided for the print shop when the prison is remodeled but a question mark surrounds the printing business. Mr. Jeffress was the only official that knew much about it and the matter of expansion is likely to hang fire for the present. At any rate, equipment will be added slowly by degrees, like the cat ate the pot-hook.

MAY TRY COMEBACK—The grapevine brings to Raleigh the news that Dr. B. N. Nicholson, Enfield physician who last spring announced his candidacy for the Democratic nomination to Congress in the Second District in opposition to Judge John H. Kerr, and then withdrew from the race is priming his guns for the same battle in the Spring of 1936. That's quite a distance from speculation on a Congressional race but certain friends and supporters of the Doctor are positive in their off-the-record statements that he will oppose Representative Kerr two years hence.

COMBINATION—Certain close friends of Governor Ehringhaus and Clyde R. Hoey, prominent Shelby Democrat, have expressed the hope that this potent pair of vote-getters will team up in 1936 with Mr. Ehringhaus opposing Senator Josiah William Bailey for the eastern Senate seat and Mr. Hoey taking on all comers for the gubernatorial nomination. Some members of this same group would like to see Lieutenant Governor A. H. (Sandy) Graham make it a triple-threat by deciding to run for Attorney General in opposition to Dennis G. Brummit

instead of entering the gubernatorial lists as he is expected to do even if Mr. Hoey and Congressman R. L. Doughton decide to run. The hatches of this idea avow it would make an unbeatable political combination.

A NEW ONE—This Hoey-Doughton political prospect is beginning to worry a lot of people who would like to support both men. One Raleigh official has an interesting solution of the problem although he doesn't expect to see the germ hatch. He would have Congressman Doughton run for Governor; Lieutenant Governor Graham run against Mr. Brummit and Mr. Hoey step aside for the present. In the spring of 1938 he would trot out Clyde Hoey against Senator Robert Rice Reynolds, for the western seat and then in 1944 would run Mr. Graham for Governor. Needless to say each man and his friends would support the others in their ambitions. A pretty piece of political checker playing, to be sure, but a game that you'll probably never see staged.

VOTING THE DEAD—Opposition to the absentee ballot law is popping out in new spots almost every day now and those who would repeal the law assert that citizens long since under the sod are casting ballots under its present operation. Chief among those advocating drastic revision or abolition of the absentee ballots is Major L. P. McLendon, of Greensboro, chairman of the State Elections Board. It has already been repealed in many counties and a new assault on a State-wide front is expected in the next General Assembly. It's repeal might mean a few more Republicans in the Legislature but many Democrats agree that wouldn't be so bad. They claim that with the lines drawn closer Democratic solons would stick closer together instead of splitting up into cliques to fight their own Democratic State Administration.

NOT DISTURBED—Ashe is one county that would not be disturbed by repeal of the absentee ballot law unless its own private election law is wiped off the books. The veteran and vocative Tam C. Bowie, Re-

presentative from Ashe put through a local bill in the 1933 Legislature exempting his county from the secret voting law and eliminating the necessity of filing affidavits to secure absentee ballots. In Ashe county, under the 1933 law, all that is necessary to secure an absentee ballot is for you to sign the certificate in the presence of one witness. These witnesses evidently are not difficult to find since the election board reported 1,506 absentee ballots were cast in the November election this year.

BLACK-DRAUGHT
"Such a Good Laxative," Says Nurse
Writing from her home in Festus, Mo., Mrs. Anna LaPlante says: "I am a practical nurse and I recommend to some of my patients that they take Black-Draught, for it is such a good laxative. I took it for constipation, headache and a dull feeling that I had so much. A few doses of Black-Draught—and I felt just fine."
Because so many people know from having used it that Thorford's Black-Draught is a good, purely vegetable laxative, millions of packages of it are sold every year.

Very Much Improved

After Taking Cardui
"I have suffered a great deal from cramping," writes Mrs. W. A. Sewell, Sr., of Waco, Texas. "I would chill and have to go to bed for about three days at a time. I would have a dull, tired, sleepy feeling. A friend told me to try Cardui, thinking it would help me—and it did. I am very much improved and do not spend the time in bed. I certainly can recommend Cardui to other sufferers."
"Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician."

IF YOUR BREATH HAS A SMELL YOU CAN'T FEEL WELL

When we eat too much, our food decays in our bowels. Our friends smell this decay coming out of our mouth and call it bad breath. We feel the poison of this decay all over our body. It makes us gloomy, grouchy and no good for anything. What makes the food decay in the bowels? Well, when we eat too much, our bile juice can't digest it. What is the bile juice? It is the most vital digestive juice in our body. Unless 2 pints of it are flowing from our liver into our bowels every day, our movements get hard and constipated and 4% of our food decays in our 25 feet of bowels. This decay sends poison all over our body every six minutes.
When our friends smell our bad breath (but we don't) and we feel like a whipped tomato, don't use a mouthwash or take a laxative. Get at the cause. Take Carter's Little Liver Pills which gently start the flow of your bile juice. But if "something better" is offered you, don't buy it, for it may be a calomel (mercury) pill, which loosens teeth, gripes and seals the return in many people. Ask for Carter's Little Liver Pills by name and get what you ask for—25¢. ©1934, C.M.C.O.
