REA Builds Warehouse Near Here

Warrenton, North Carolina

Halifax Electric Membership Corporation is constructing a 40 x 48 warehouse on a three-acre tract purchased from Warren H. Overby, located on the Harristown Road near Macon. This building will contain a 10 x 12 foot office space and will serve as headquarters for Warren County service personnel.

David F. Proctor, who has been employed by the Cooperative since August, 1958, has been transferred from Enfield to Warrenton where he makes his home. He replaces R. E. Eller who resigned after 17 years service with the cooperative to go into the flower business in Norlina. Proctor is assisted in his service work by Donald E. Lemieux who joined the cooperative's work force in 1964.

The new warehouse and office building is centrally located within the cooperative's Warren County service area, Thomas B. Slade, III, manager of the HEMC, pointed out yesterday.

Slade saidthat the construction of this new facility is in keeping with Halifax Electric Membership Corporation's continuing effort to provide the citizens of Warren County and all others in its service area with the most efficient service
