**VOTE FOR
AMENDMENT NO. 2
on your March 23 ballot
MORE JOB OPPORTUNITIES
AND MORE REVENUES
without tax increase!**

This Constitutional Amendment will give North Carolina the right to issue Industrial Revenue Bonds. They are to finance facilities for new industries and expansion of present industries — also pollution control facilities.

Every other State already offers this kind of financing. That is one big reason why we are losing thousands of job opportunities to other States.

We need these jobs and the additional revenue. This is a sound method of financing. The Amendment is favored by the State Treasurer and both political parties.

Approval will not cost you a single penny in extra taxes. Let's give our people a fair chance for more and better jobs. Please join with me in voting for AMENDMENT NO. 2 on March 23.
