Smoke Signals

News Of Warren Academy

The snow played havoc with our ballgames this year. The surprise snow storm Friday morning caused our games for Friday night to be postponed until Saturday night. Who could believe that snow could cause such excitement! By the time school was out, we had about one and a half inches on the ground. There were a lot of snow balls being thrown in the parking lot. What a lot of fun for the students, especially for the ones who were lucky enough not to get hit by a flying snow ball.

Tim Capps, his parents, and Mrs. Charles Johnson, his English teacher, were guests of the N. C. Electrical Industry at the Velvet Cloak in Raleigh on Feb. 14. The winning essays of "What Electricity Means To Me" were announced at that time. We were sorry that Tim was not one of the three top winners, but we are very proud of him for being the district winner, particularly since this district included some of the larger counties, Wake, Granville and Durham.

The Parent-Teacher basketball game has been rescheduled for Feb. 28. From what we hear the parents have already organized and have been practicing. They must hope to be as good as "Clyde, the Glide." Maybe we had better put a but in the teachers' ears and tell them to get busy with a little practice! Who knows, they may come up with a "Giminski!" This night promises to be full of fun and surprises.

The seniors are planning a half time show that promises to be the highlight of the night. This is a show that is packed full of surprises. From what we hear, they are planning to have a lot of celebrities participating in a beauty pageant. If you are looking for some wild entertainment, be sure to come to the Parent-Teacher game Feb. 28 at 7 p. m. Come prepared to laugh! We unconditionally guarantee gales of laughter.

Last Tuesday night the J. V. boys and the varsity girls and boys played Hobgood Academy at Hobgood. The J. V. boys and the varsity girls were winners of their games. The Hobgood boys were hitting almost every shot, and our boys could not keep up with the pace set by them.

Saturday night all three teams were winners. The boys' teams had close and exciting games, but the girls ran away with their game. Congratulations to all three teams and their coaches on the wins and especially to the seniors who played. They were happy and excited over winning their last home game. The losing teams were from N.E.W.

Our thanks to the cheerleaders for their fine performance during the boys' half time. We appreciate the new routine that they performed. This takes a lot of work and practice on the part of the cheerleaders. And they did help cheer us to three victories! Many thanks!

To the coaches of the J. V. boys' team, Sidney and Phillip Fleming and the coach of the J. V. girls' team, Bobby Fleming, we owe our deepest appreciation. They are volunteer coaches and spend many hours of their own time with their teams. The three men are dedicated athletes and have the experience needed in coaching basketball. They have a devoted following in their teams and are loved and respected by them. All we can say is, "Our thanks to you three for a job well done." We hope that the J. V. teams will come up and win a trophy for you in the tournament which will be played in March at Enfield Academy.

The tournament for the varsity teams started this past Monday night at N.E.W. Academy. The varsity boys played Northeast Academy Monday night. The winners of this game will play on Wednesday night and the team they will be playing is Halifax. Then the winners of that game will play in the championship game on Friday night. Good luck to the W. A. Warriors.

On Tuesday night the W. A. girls played N.E.W. If they are the winners of this game, they will play Northeast on Thursday night. The winners of that game will play Friday night in the championship game. Good luck to the "Lady Warriors!"

"His home's on fire - can he still buy insurance?"

Construction costs increase about 4% each year, on average. A home costing \$15,000 ten years ago would cost roughly \$25,000 to replace today. If building insurance is maintained to at least 80% of value, the full replacement cost will be paid on insured losses, up to the limits of the policy.
