The Wise-Paschall 4-H Club held its monthly meeting on Tuesday, March 8, at the home of Pete King. There were 10 members, one leader, one parent and one extension agent present.

The meeting was called to order by President Susan Currie. Jane King led the American pledge, Lisa Leete led the 4-H pledge and Man

the minutes of the last meeting and reported on the last called meeting.

Old business discussed was a bicycle trail ride and ice skating and the Easter Seal drive was discussed during the new busi-

Mr. George Koonce presented the club with a State Health Certificate.

Refreshments were served by Lisa and Man Leete.

John Graham News

He gave the group a brief tour of the college, apartments for housing, and the clubhouse available to the Hardbarger students. The trip proved to be very helpful and informative.

Mrs. Ann Laonipon and Mr. Ben Howard will accompany some of their biology, chemistry and physics classes to the Research Triangle Park on March 16, to visit the Environmental Protection Agency (EPA). The students will tour the EPA laboratories. The Lady Jackets returned

home from Union Pines last Friday because of defeat by Chatham Central High School. Although the girls and their coach, Ben Howard, suffered a defeat, we are still extremely proud of them for the outstanding position they held and for the mere fact that they made it to the state championship play-offs. We'll make it all the way next year Jackets!!

tor, accompanied a group of seniors to Raleigh last Friday Genetic Problems to tour the Hardbarger's Business College. Mr. Wayne Moseley, Director of Admis-

Probed By Class By WILLIAM PERRY

The John Graham Biology Classes, taught by Mrs. Cora Hawkins, have made extensive studies of genetic problems which are worldwide. Included were studies of inherited disorders such as Cystic Fibrosis, Muscular Distrophy, Mental Retardation, Diabetes, Schizoprenia, Epilipsy, Phenyleketonuria, to name a few. As an outgrowth of these studies, the third period class visited the Warren County Child Development Center and observed children whose ages range from three to 17. Before enrollment the students must be evaluated by a psychologist and evaluated as mentally

retarded. There are four teachers and three teacher aides. We found cubby holes for their personal belongings and a play/sleep area. They are taught physical coordination as well as academic development and social skills. There is an equipped playground in the

We arrived when they were

getting lunch and learned that the food was brought from Mariam Boyd School. The

meals were a part of the center fee.We were amazed at the children and their behavior. We were proud that there is such a center in Warrenton. Students

visiting the center were: Debra Champion, Willie Cooke, James H. Davis, Roscoe Davis, Michael Debnam, Ernest Green, Ronald Hargrove, Bettie Harris, Nelson Hawkins,

Clubs Are Busy

Norling School

By DANYLU PALMER The clubs which met last week were Vica, Drama and Beta.

The Prom Committee also met last week and discussed the many aspects of the 76-77 Junior-Senior Prom. Everyone is joyfully awaiting May 20 and keeping an eye out for the perfect dress and other attire. Mr. Underwood visited our school on Friday to wrap up his many dealings with the

students and faculty. N.H.S. alumni pumped a double basketball victory Friday night. The score of the boys game was 65-64 and the girls score was 51-16. All who came to the game enjoyed it very much.

Norlina will host Parkview in their first baseball game beginning at 3:30 March 21. N.H.S. will also host Bluestone next week. The baseball game will begin at 4 p. m. on Thursday. Do it to'em Waves!!! A workshop on the use of the videotape machine was held or Wednesday afternoon at Norlina for both students and staff members. The use of this machine has unlimited possibilities in the education field. Three of our teachers have begun a course taught by East Carolina University in the Art of Teaching Reading. They are Miss Meredith, Mr. Stultz and Mr. Ross.

The most common surname in the United States is Smith. Close to 2.5 million Smiths reside here.

Smoke Signals News Of Warren Academy

Congratualtions to the J.V. girls' basketball team on winning the J.V. Carolina Academy Conference Tournament. The girls won Monday night, defeating N.E.W. Academy. Tuesday night they defeated Hobgood Academy and won the tournament by defeating Northeast Academy. We are very proud of our J. V. girls' team. The J. V. boys lost last

Monday night to Halifax Academy who went on to win the boys' championship. Our thanks to the girls and boys who participated in the J. V. program. A special thanks to the coaches of the J. V. teams, Bobby Fleming, coach of the girls' team, and Sidney and Phillip Fleming, coaches of the boys' team. Without them this program probably would not have been possible.

We want to wish Bonnie Greer good luck in the Senior All-Star Basketball Game of the North Carolina Independent Schools Athletic Association. Bonnie was selected to play in this game because of her outstanding caliber as a player. The game will be played at Ravenscroft on Monday, March 21. Congratulations are due Jill

Wemyss. She has been selected from Warren Academy to attend the 35th annual session of Girl's State at U.N.C.G. in June.

Report cards went home last Friday, and for some it is always a pleasure to see good grades after a lot of hard work. Others do not look forward to receiving their report cards. When they do see them, they know that they must buckle down and work harder. But now with spring in the air that will be hard to do; they will

We keep bringing "Disney on Parade" to your attention because we think it is going to be too good to miss! The elementary faculty at Warren Academy will present all of the students in K-6 grades in this delightful musical review. All ages have enjoyed the magical wonders of Disney's Fantasyland, and now here at Warren Academy this Fantasyland will be created. On stage will be Winnie the Pooh, Christopher Robin's friends, Cinderella's animal pals, Snow White and the Seven Dwarfs, Peter Pan, lots of Tinker Bells, scary Crocodiles, the Three Little Pigs and the Big Bad Wolf, and Pinocchio puppets. And, of course, you will see Minnie and Mickey Mouse and Daisy and Donald Duck, and the "Mouseketeers" will treat you to music

have their minds elsewhere!

from Mary Poppins. It is not easy to describe the characters-seeing is believing -so come and see for yourself and have one of the most enjoyable evenings of your life! The Drama Club has been busy for the past two weeks building and designing the stage that will be used for the Disney production. This is being done under the direction of David Peoples.

"Disney on Parade" promises to be the most exciting and fabulous event ever presented at Warren Academy. Next week will be our last reminder for this event. The tickets are \$2 with pre-school children admitted free. The performance is March 25 at 8 p. m. Tickets will go on sale at the door about 7:15 p. m.

Also that night, the elementary grades will exhibit in the gym some of their art work in a "Mini-Art Show."

00000

days, except peppers. They will determining whether or not to require 10 to 12 days or more, throw out the old and buy new depending on the temperature. seed. Here's another way you can run an accurate germination

test on your seed: Count out 100 seed at random and place them on a moist paper towel in a covered container. Set aside out of direct sunlight and wait a few days.

You can determine the germination percentage by counting the number of seed that germinate. This will give you a rule of thumb to use in

If the germination percentage was borderline-say, 60 out of 100 germinated-you might still want to use the old seed but increase the seeding rate to

be sure of getting a good stand. The NCSU specialists suggest that seed are one of the least costly items that go into a

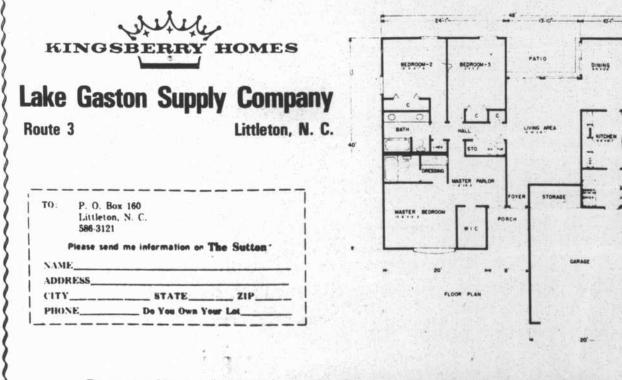

vegetable garden, and much worry, bother and reseeding can be avoided by starting with high quality seed.

Leete led the 4-H motto. Lisa Leete, secretary, read

The Sutton

The Sutton by Kingsberry Homes is just one of many homes we offer that meets loan specifications. The Sutton has three large bedrooms, (the Master bedroom has adjoining dressing room, bath and Master parlor), extra bath, living room, dining room, kitchen, utility room, patio and garage. Lots of room for lots of living! Let us show you how easy the Sutton, or your choice of many other models, is to own

neth Williams, Carolyn Wortham and Sandra Williams. We met Mrs. Faith Becker, the special education specialist. There are also a case worker and a public health nurse.

Utah Man Speaks

To Brotherhood

The Wise Baptist Church Brotherhood held their regular monthly meeting on March 7 at 7:30 p. m. Robert Young conducted the invocation service.

The Rev. Robert Rogers made helpful suggestions to the 13 members present on how to improve the program of the Brotherhood.

The Rev. Harold Dillman of Midvale, Utah, was guest speaker. He made an interesting talk on Christianity versus Mormonism. He is the first Baptist missionary from Utah and comes from a family background of all Mormons. At the close of the meeting, refreshments were served.

Warrenton 4-Hers

Have Gathering

By JODY PROCTOR

Reporter The Warrenton 4-H club held its regular meeting on March 10 at the Warrenton Agriculture Extension Office.

President Jeffrey Bender called the meeting to order. Cathy Cooper led the pledge of allegiance and Ivan Barnes led the 4-H pledge.

There was no old business and the club discussed collecting money for Easter Seals. The group then went to the Courthouse for a meeting about Easter Seals and saw a film. The meeting was then adjourned.

The tentacles of a giant squid may be 30 to 40 feet long.

WAREHOUSES FOR THE 1977 SEASON
