Therefore, we extend a special thanks to the members of the North Carolina Rescue Squad Association, Southside Virginia Rescue Squad members, the North Carolina Highway Patrol, Vance County Sheriff's Department, N.C. Wildlife Resources Commission, Kerr Lake Park Rangers, Vance and Warren County React Club, the staff of Davis Funeral Home, friends of Mr. Wilkins and Drewry Fire

Captain, Vance County Rescue Squad.

One way to help your family feel fine is to feed them foods such as sweet, unsulphured Grandma's Molasses, in milk as an after-school snack, or in sandwiches, in place of jelly.

to get the required number of training hours before June 30. "All members of this company will get at least 36 hours of training per year," he said.

Plans for the N.C.V.F.A. convention, scheduled to be held in Warrenton in July, 1978, were discussed by the members at large. Captain Cheek told his men that he wanted the convention here next because the Warrenton company will be 110 years old, making it one of the oldest continuing black companies in the state.

unfortunate that one had to make a choice.

Supt. Peeler pointed out when a member raised the point of criticism of his vote, that the election of either man was bound to raise criticism; Banzet as president of the Academy, which his children attend, and Ballance for his activism during the school riots at John Graham several years ago.

When it appeared that there was division in the board with one member asking for more time to make up his mind, it was voted to table the matter until the April meeting.

Also tabled for a later meeting was the consideration of a policy of confidentiality of student records.

Jay Freeman, Vocational Rehabilitation Administrator, and Doug Pittard, Rehabilitation Counselor, appeared before the board to discuss the possibility of joining in a vocational rehabilitation program with other high schools in Region K. The program is largely financed with state and federal funds, Freeman said. Schools participating with grades 10, 11, 12, were Franklin County with 1202 students; Franklinton City, 283 students; Granville County, 1637 students; Person County, 1464 students; Vance County, 1638; and Warren County, 920.

The total share of the six schools is \$5,841.00 of which Warren's share is \$817.14, or 14 percent of the total costs to the six schools. The board members were much impressed with the examples of rehabilitation cited by Freeman and Pittard, but delayed acceptance until all schools affected would indicate their decisions, as this would affect the cost of the individual counties.

Headquarters, Freeman said, would be in Henderson, and two counselors and a director would be appointed to serve the six systems, working with local guidance counselors and other staff members and county agencies.
