C., David Morin of Petersburg, Va., Mr. and Mrs. Ed Bullock of Durham, Dickie Bullock of Durham and Mrs. William Lawrence of Rockville, Md.

Tar Heel Kitchen

By MISS E. YORK KIKER
N. C. Department of Agriculture

Everyone is aware that Easter eggs are traditional, but Violet Schafer's book "Eggcraft," a compendium of folklore fancies and foods has much enlightening information. She says that "More than simply fascinating as design, package and source of thrifty food and youthful adventures, the egg is distinguished for its incredibly impressive history. Few symbols match it for complexity. The egg is food, it is omen, it is magic, it is medicine. 'Folklore, superstitions and curiosities accompany its progress to present time.'"

Mrs. Schafer's book was written "In celebration of the uncommon qualities of the common egg." An outstanding cook should know how to prepare common foods uncommonly well. How often eggs are abused in storage and preparation. First of all it is helpful to know that eggs kept under refrigeration, 45-55 degrees F., retain their inherent high quality for several weeks. Eggs kept at room temperature will lose more quality in one day than they will in one week under refrigeration. North Carolina is a leader in high quality egg production, but consumers must respect eggs with proper storage and cooking at home.

Mastery of the basic omelet will be rewarding and worth the effort for numerous occasions. The Egg Board gives helpful suggestions on the pan required for omelets. An omelet pan should be reasonably heavy and of thick metal. It should be shallow with sides curving into a flat bottom. A smooth inside surface is essential. To season and care for an omelet pan: A new skillet should be half-filled with salad oil or fat and let stand at room temperature for 2 to 3 days. Empty fat from pan and wipe with paper towel. Do not wash. If sticking occurs, sprinkle pan with salt and rub with paper towel until smooth. Keep it greased when not in use.

Now that the pan is ready, comes the actual preparation. After you have perfected your skill with omelets, you may wish to entertain your friends, with an informal omelet supper. With a supply of eggs and assorted fillings each guest can use the imagination to prepare an omelet according to taste.

BASIC OMELET

- 3 eggs
- 3 tablespoons water or milk (optional)
- 3/8 teaspoon salt
- 1/8 teaspoon pepper
- 1 tablespoon butter, margarine, or oil

Mix eggs, water, salt and pepper with a fork until yolks and whites are blended. Meanwhile, heat butter, margarine, or oil in an omelet pan or heavy skillet just hot enough to sizzle a drop of water. Pour in egg mixture all at once. Mixture should begin to cook immediately. With the fork, lift cooked portions at edges so uncooked portions flow underneath. Slide pan rapidly back and forth over the heat to keep mixture in motion and sliding freely to avoid sticking. When mixture is set, the egg no longer flows freely. Let it cook about one minute to brown the bottom slightly. The omelet may be flipped and lightly browned on the other side. Fold or roll, and serve promptly on a warm platter. Makes 1 or 2 servings. Omelet should be light, and tender, moist and delicately brown on the bottom.

Variations: (Add one or a combination) Cheese, crumbled bacon, ham, shrimp, chopped onion, chopped green pepper, cottage cheese, mushrooms, tomatoes, hamburger, Canadian bacon, chicken, turkey, Swiss cheese, or herbs.

The World Of Books

In The Warren County Memorial Library

ART is everywhere, particularly in our library, where the third grade students of Mariam Boyd School have submitted pictures of their "Favorite Storybook Characters." These will be on display during the month of April.

National Library Week is from April 17 to April 23 this year. Start now, and make every week Library Week.

NEW BOOKS: "Barron's Profiles of American Colleges—10th Edition," "A Place To Come To," Warren.

MEMORIALS: "Best Ways to Catch More Fish (In Fresh and Salt Water)," Evanoff, for C. W. "Coon" Currin by Mr. and Mrs. Duke Miles; "Angels—God's Secret Agents," Graham, for Mrs. Nettie Myrick by Mrs. H. L. Pope.

OVERDUE BOOKS: Please return all overdue books now.

VOL. IX FRIDAY, APRIL 29, 1938 NO. 17

WE KEEP CRAZY CRYSTALS AT ALL TIMES—70c — \$1.00

Sorry to hear that blue mold is playing havoc with plant beds in the county. One consolation is that we have so many beds in the county this year that there should be enough healthy plants left to produce a good crop of tobacco.

With regret we say au revoir to the teachers until next fall. We have enjoyed having them with us during the school year and look forward to their return.

More than 30 years ago people were making Hunter's a favorite gathering place at just about any time of the day. We welcomed our friends then, and we welcome them now. Throughout the years quality and courtesy have been two reasons why Hunter's has become a name worth remembering.

assist you in combatting the lazy feeling which accompanies spring.

The donkey baseball game will be a jack-ass performance which should produce side-splitting laughter.

Get a sun bonnet from our store to protect you from the heat while on the golf course, fishing or working around the house.

Remember the boys and girls, who are graduating, with an appropriate gift from our store.
