More than 30 years ago people were making Hunter's a favorite gathering place at just about any time of the day. We welcomed our friends then, and we welcome them now. Throughout the years quality and courtesy have been two reasons why Hunter's has become a name worth remembering.

Children with feet bare are running around the home and about the farm now and they are likely to step on a rusty nail, an old can, or a piece of glass. Be prepared for such an emergency by stocking your medicine chest with salves, disinfectants and bandages.

## The World Of Books
